INTRODUCING...

World's First 100% Alcohol Free Water based Multipurpose

**SANITIZER, DEODORANT & AIR
SANITIZER**

!DEA BEHIND *ALLCARE*

We understood that people lacked alternatives, Hence, we tried to nip the problem in the bud with *ALLCARE*.

ALLCARE

We are making this product in India
in joint technical collaboration with
Shigadry with
Earth Co. Pvt. Ltd.,Japan

ALLCARE

How it works?

ALLCARE's active ingredient is Zinc Gluconate mineral (used in supplements and food additives) and is completely harmless to humans. It kills germs by immobilising proteins in the nucleus. Unlike in alcohol-based sanitizers, the active ingredient in ALLCARE does not evaporate but stays for a longer duration on the skin and keeps eliminating germs for up to 24 hours.

What is a deodorant?

A substance which completely conceals unpleasant smells, especially bodily odour. ALLCARE is the world's only real deodorant, and can be applied on full body even on private body parts to remove bad odour and sanitise the body also. While other deodorants are just perfumes, they don't remove the bad odour and can't be applied on full body.

Different from other sanitizers- One of its kind.

Does the conventional sanitizer last a day long?
No, they are ineffective after the alcohol evaporates; generally in few minutes. Contrary to that, ALLCARE stays there for up to 24 hours, which makes it a no repeat sanitizer.

	ALLCARE Sanitizers	Alcohol-based Sanitizers
Alcohol	NO	YES
Water based	YES	NO
Kills 99.9999% Virus & Bacteria	YES	NO

ALLCARE

Odourless

- **ALLCARE** does not have the strong odour found in alcohol-based deodorants.
- **ALLCARE** also does not contain toxic chemicals, such as aluminum chlorohydrate, parabens, propylene glycol, triclosan etc., which are commonly found in conventional deodorants.

ALLCARE

Is effective up to 24 hours on one application

- Tested by Japanese Society of Environmental Infections, ALLCARE protects you from germs for up to 24 hours.

ALLCare Sanitizer

Other Sanitizers

- ✓ **Patented Japanese Product**
- ✓ **Unique from its competitors**

WHERE CAN WE USE *ALLCARE* MULTIPURPOSE SANITIZER

- ✓ Sanitizer should be used in regular day-to-day life. Doctors recommend hand sanitization at least 3-4 times a day.
- ✓ Should be used while handling new-born babies.
- ✓ Doctors and nurses should keep 20ml/50ml bottle ready for use at all times for regular protection against bacteria and viruses.
- ✓ Should also be used on masks/uniform by doctors.

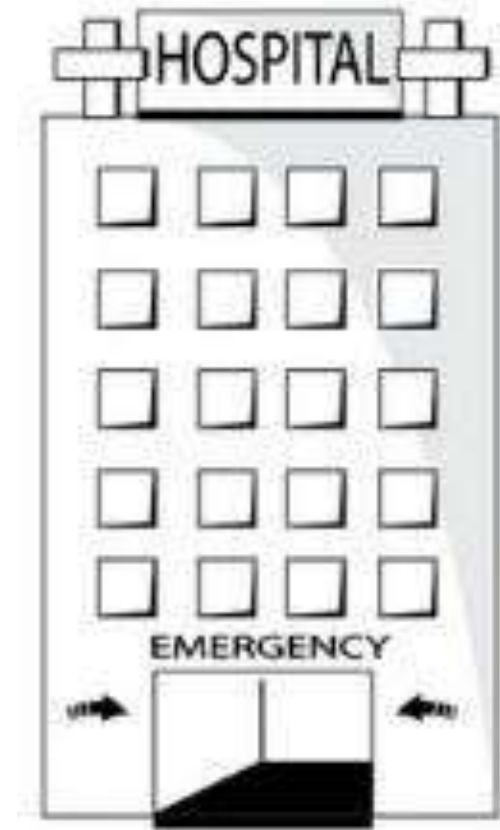

- ✓ Should be applied on male and female private body parts during intercourse to avoid transfer of germs and bad odour.
- ✓ Females should use AllCare on sanitary pads to kill germs and bad odour.
- ✓ Should be sprayed on toilet seats before use to kill germs.
- ✓ Should be used on baby diapers to kill germs and bad odour.

WHERE CAN WE USE *ALLCARE* AIR SANITIZERS THROUGH HUMIDIFIERS

- ✓ Hospitals should use AllCare GZ-08 air sanitizers through cold mist humidifiers in ICU's, operation theatres, wards and to keep the environment bacteria free, virus free and odour free. Thus ensures that the germs don't get transmitted from patient to patient and from patient to doctors.
- ✓ Clinics should use AllCare GZ-08 air sanitizer through humidifiers to safeguard patients as well as doctors.

- ✓ Mothers of new born babies should use Air Sanitizer through cold mist humidifier to keep the baby in safe, bacteria/virus free and odour free environment.
- ✓ Can be used in Offices, Malls, Movie Theatres, Schools and other such places which are vulnerable to infections.

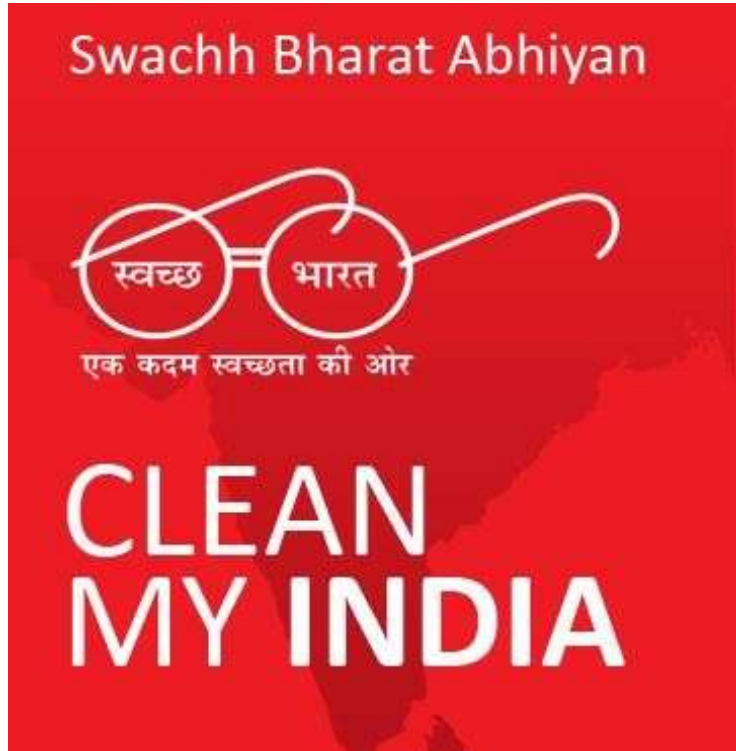

- ✓ **Gyms, Health Clubs, Nurseries For Infants** and other such establishments meant to safeguard the health of its inhabitants must use ALLCare GZ-08 to keep the air pure and free of bacteria and viruses.

- ✓ Can be used as **Air-Sanitizer** through small humidifiers in **CARS**.
- ✓ ALLCare GZ-08, if used at **Dairies and Poultry Farms** can help disinfect the environment and thereby keep the food value of such products intact.

SWACHH BHARAT ABHIYAN

ALLCare GZ-08 is certain to be a huge contribution to this nationwide cleanliness drive promising an initiative and complimenting the spirit of **Swachh Bharat** in all parameters. The Use of ALLCare air-sanitizer through cold mist Humidifiers fight bacteria and germs present in the air, and ensures that the users are able to have rightful access to clean and healthy air.
