Wring-Pro 50

High performance 50 liter Double bucket trolley

Product Info

The Wring-Pro™ 50 is a 2 x 25 L double bucket wringer trolley designed for efficient commercial cleaning. India's first premium side-handle wringer trolley with export-quality construction, it offers easy movement, better ergonomics, and a space-saving design thanks to its side-handle configuration. Compatible with both side-press and down-press wringers, it is built for durability and ideal for hotels, hospitals, airports, malls, and corporate facilities.

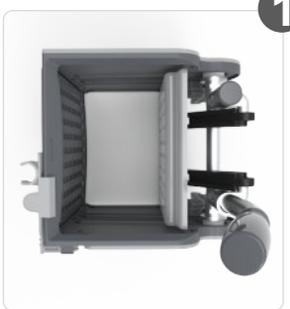
Dual Wringer Options

Partek Side-press Wringer



Side Press mechanism - India's 1st Open Bottom Design

Partek Down Press Wringer

Down press mechanism - ideal for Partek Lito mops

Smarter Cleaning. Sleeker Spaces. Stronger Impressions.

Smart, Space-Saving Design & Mobility: Featuring an ergonomic side-handle design, the Wring-Pro™ allows effortless one-hand maneuverability through narrow corridors and elevators. Its compact inlay bucket structure further reduces overall footprint by 16%, while smooth, non-marking SuperGlyde™ wheels ensure silent, seamless movement without damaging premium floor surfaces.

Efficient, Versatile Cleaning Performance: Engineered for productivity, the twin-bucket system minimizes downtime and supports faster cleaning operations. The stackable design enables up to 25% savings in transport and storage volume, making it ideal for bulk deployments. Integrated mop holder hooks add convenience for above-floor cleaning, while dual wringer options—Tech Down Press and Side Press—offer flexibility for different cleaning needs.

Durable Build with Premium Aesthetics: Crafted from high-quality materials, the Wring-Pro™ ensures long-lasting performance with 5-year spare parts support, reducing lifecycle costs and environmental impact. Its neutral dual-tone grey finish blends seamlessly into upscale interiors, maintaining a professional and unobtrusive appearance across hotels, offices, and healthcare environments.
