About Us

Sargam Polymer is a quality oriented business that provides a reliable product line and service support to meet various industrial and commercial needs. As a trader, supplier, and wholesaler, our attention is on providing consistent product quality, availability, and a range of solutions to suit our different customers' requirements. The product line encompasses fiberglass garden fountain, theme park FRP fountains, polyether polyol, chopped strand mat, liquid silicone rubber, and shoe polish, for decorative, industrial, construction, chemical, and commercial applications. Every product is carefully chosen to feature high-quality materials, durability, dimensional stability, finishing, ease of handling, and suitability of application. Customer focus enables us to grasp customer needs and offer appropriate choices. Supply and service reliability have continued to be critical components of how we do business and aid customers in handling their supply needs in a more convenient way. Through our various product lines, our firm has ensured reliable standards with quality-focused sourcing and careful selection practices, as well as practical and user-friendly solutions.

Sargam Polymer is committed to creating long-term partnerships based on the principles of consistent quality, responsible service and business. The choice of raw materials and a focus on quality help ensure durable construction, smooth finishes, reliable performance and dimensional stability. The range offers versatility in application suitability, meeting various industrial and commercial needs, and it is easy to handle and maintain, providing added convenience for users. Our strategy is always focused on customer requirements and we strive to offer application-specific solutions backed by a consistent supply and dependable assistance. We expect to provide a seamless buying journey by communicating back and forth quickly, offering a range of products that are appropriate, and being customer service oriented in our approach. Quality awareness, solutions oriented, reliable supply and customer-oriented service lead us to satisfy our customers with confidence and establish long-term business relationships.
