

PERSONAL RADIATION MONITOR **PM-X**

- **Reliable**
- **Light Weight**
- **Audio Alert**

Personal Radiation Monitor PM X is designed for professionals as well general use.

It is Reliable, Accurate, Lightweight, Rugged & Easy To Use.

It can be used in field, Home & Office. It is ideal device for Radiographers, Radiologists, Radiological Technicians And Security Checkpoint Guards.

SPECIFICATIONS:

Sensor	Halogen-quenched GM tube
Radiation Detection	Gamma(γ), X-Ray
Energy Detection Range	50KeV to 1.3 MeV
Audio	Beeper chips for each count
Radiation alert	1 bip/sec μ Gy/h (1mR/h)
Power Requirement	1.5 Volt AAA Size 1 no.
Operating Temperature	-10 ^o to 50 ^o
Low Battery Indication	Amber LED glow
Battery Life	Approx 335 Hrs
Weight	55 gms
Dimension	78mm x 45mm x 18mm

SEP'15
