About Us

Welcome to Steelmax Valves And Automation Pvt.! Established in 2021 we have earned a distinguished reputation in the market because of reliability and precision engineering in the domain of fluid control. As a promising manufacturer and supplier, we offer a wide variety of products such as L Port T Port Ball Valve, Metal Seated Flush Bottom Ball Valve, Soft Seated Floating Ball Valve, Soft Seated Trunnion Mounted Ball Valve, Pneumatic Scotch Yoke, Metal Seated Jacketed Ball Valve and many others. We have a vision to provide cutting-edge solutions to our clients at a very affordable cost. Our goal is to become the leader in ball valve and actuator pneumatic products and supply products to all parts of the country.

We produce a wide range of ball valves and butterfly valves which are fabricated using the best technology and adhere with the highest quality standards. We supply products from inch to 12 inches in sizes and pressure ratings from class 150 to class 2500. We are also able to customize products and supply products more than 12 inches and pressure classes up to 2500 on request. Within a few years of operation, we have attained many milestones and garnered many clients across the country. We serve many industries such as chemical, petrochemical, pharmaceuticals, refineries, oil & gas, power, steel, pulp and paper, cement, sugar, vegetable oil and others.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	industrial ball valves,
No of Staff	12
Year of Establishment	2021
No of Production Lines	1
OEM Service Provided	No
ProductRange	industrial ball valves,

STEELMAX VALVES AND AUTOMATION PVT. LTD.
