

Gas Leak Detector With in-built Display and Alarm **Model: KD-12 Series**

- Simpler, smarter and reliable gas detector with digital display
- Simple and cost effective installation
- Rugged, compact and lightweight design
- Environmentally friendly Product

Approvals:

- Ex d IIC T5 (KD-12 A/B/C)
- Ex d IIB T6 (KD-12 B/O)
- CE Marking (EMC Directive)
- ATEX standard
- China Fire Equipment Inspection* *(Pending)
- Others

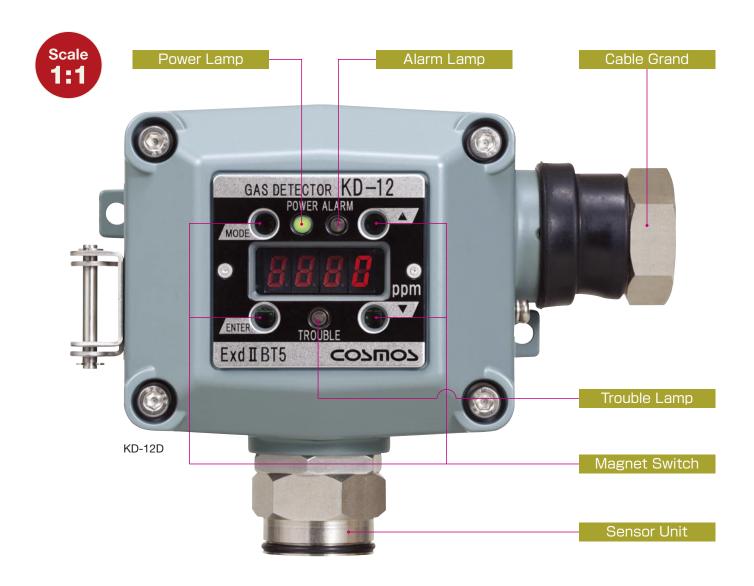

Hot wire semiconductor sensor

Catalytic combustion sensor

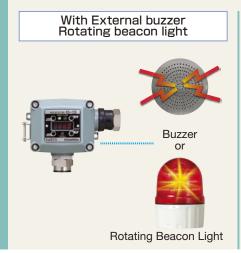

Very Compact and Light with Digital Display

Different Configurations of KD-12

With Buzzer or Rotating beacon light

It is used as an integral type gas detection system, connecting to External Buzzer or Rotating beacon light (screw-less type only).

Desktop type

With Indicator unit

It is connected with our indicators. Alarms and ga and checked from not only Indicator unit but also

Features

LED Display

Large and Easy-to-see display shows the gas concentration and alarm indication.

Easy maintenance

With a magnetic stick, Zero and Span adjustments can be done without any difficulty on site.

Easy sensor replacement

The simple plug-in sensor module makes it easier.

Rugged, Compact and Lightweight

Protection rating IP65 (standard) Size W158×H116×D68mm, weight 1.2kg

Explosion-proof

KD-12A/B/C are designed as ExdII CT5 for Hydrogen and Acetylene.

Environmentally-friendly design

Lead-free PC board, electronics parts and solders RoHS regulation can be applied to KD-12A/B/C on your request.

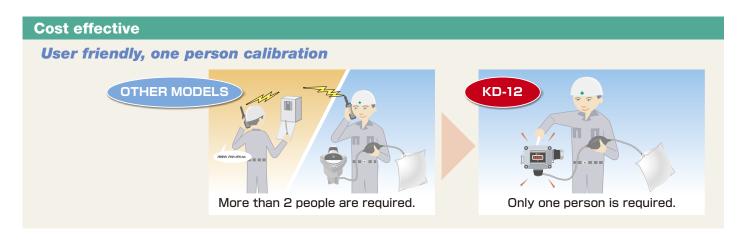

For Combustible, Toxic gases and Oxygen deficiency

Detects many gases from ppm to vol% with

- Hot Wire Semiconductor Sensor
- Thermal Conductivity Sensor
- Galvanic Cell Sensor (oxygen)
- Catalytic Combustion Sensor
- Electrochemical Sensor

as concentration indications can be displayed form Detector head.

With DCS/PLC/SCADA

It is directly connected to a Central control system such as DCS/PLC/SCADA. It is also mounted in a vehicle like Tank lorry etc.

Safety warning

- Read the operating instructions thoroughly before use. Always operate in accordance with the instructions.
- Be sure to choose the sensor designed to detect the required type of gas. Use of the wrong sensor type could cause an accident.

We received ISO 9001 certification for our design, manufacturing, sales, and service operations at our head office, branches and

Registered No. : JQ 064C

We obtained the ISO 14001 International Environmental Management System certification at

158(W) x 120(H) x 68(D) mm (excluding protrusions)
