We “**Amrutha Traders**” are the **Manufacturer** of an extensive array of Plastic Thick and Hollow Sheets, Boards and Supporting Plastic Beams, etc.

About Us

Established in the year **2017**, we “**Amrutha Traders**” is the sales wing of our manufacturing principals M/s. Amrutha Industries , Guntur , A.P state.

A wide product range related to Plastic Thick and Hollow Sheets, Boards and Supporting Plastic Beams , finding broad applications in Construction industry as Centering Plates, Centering Sheets, Shuttering Plywood with Plastic, Column work, etc.

Our manufacturing involves using a premium grade raw material that is procured from the authentic and reputed suppliers of the market. We offer these products at economical pricing and committed time frame, hence a value for money for the buyers in many aspects.

We have established our manufacturing facility under the label “ Made in India” with state of art technology and serving Indian builders with a new approach, to find replacement /alternatives to Plywood , to eliminate age old and tedious practices.

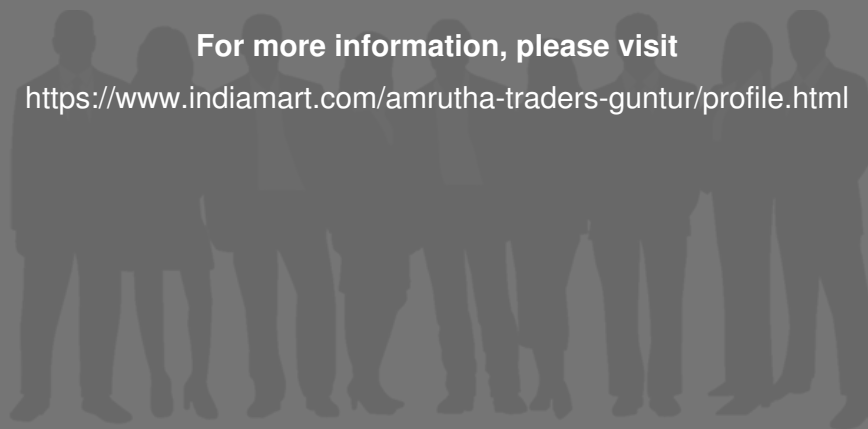

Further, we offer an user friendly services right from the design to quality checks before dispatches to customers keeping the policy “ We deliver whatever customer ask”

Under the valuable guidance of our mentor, Ms. Amrutha, we are growing with a notable rate in the market. She has spent long years in the building material supply industry to assess and provide optimal solutions to the varied requirements of our clients.

For our accomplishment story, we are...
