About Us

With complete focus on quality, our company, Infoscan Solutions started manufacturing scanning, printing and labelling products in the year 2011. By using the machinery and equipment effectively, we are able to produce superior quality Zebra MC9200 Mobile Computer, Thermal Printhead, Zebra Zt410 Printer Head, Wireless Laser Barcode Scanner, Digital Barcode Label Printer, etc. While producing the goods, our team members make sure that the highest quality standards are maintained at all the stages. All the production related operations are executed under the supervision of our top management professionals.

With the immense support of our employees, the company is not only producing goods but also providing Zebra Printer AMC Services and Barcode Printer Scanner Maintenance Services to the clients. For our unmatched products & services, we have received huge appreciation from the clients and earned a reliable position of manufacturer, supplier and service provider. Gaining maximum satisfaction of the clients is the ultimate aim of our organization and we are putting all our efforts in the same direction.
