About Us

A highly respected name in the Mineral industry, we, **Aplus Minerals Exports**, are famous in India and China for our exceptional range. The Mineral Stones that we present in the market are considered the best in the market. Since **2007**, our enterprise has been assuring prompt deliveries of only quality tested **Potash Feldspar Stones, Red Potash Feldspar Stones, Granular Quartz Lumps, High Glassy Quartz Lumps, etc.** Under the brand name, Aplus Minerals, we have been offering such impressive stones at reasonable prices. This focus on quality, affordability and punctual delivery of our range has made us a trusted manufacturer and exporter.

Our enterprise is supported by our qualified and experienced mentors, Mr. Shankar Reddy (Executive Director) and Mr. Pavan Gogireddy (Director). They motivate our team to constantly comply with the international standards applicable to our range as well as process. Under their leadership, we make sure that every client is offered with utmost benefits.

Customers are the biggest supporters of a business concern and they should be treated well. This is what we focus on. Our company constantly strives to develop strong relationships with clients by staying in constant touch with them, understanding their exact requirements and fulfilling their demands on time. Along with all this, we care for our clients via our long list of customer services. Our company not just cares for clients but also our employees and environment. We assure the health and safety of our clients and work in an eco friendly manner regularly.
