About Us

As everyone is aware, delivery has never been the only consideration in healthcare distribution. It involves safely and effectively delivering the appropriate medications to the appropriate patients at the appropriate times. Distributors manage a complicated supply chain on a daily basis, acting as a crucial link in the healthcare system and distributing medications effectively, safely, and securely. In Mumbai, distributors assist hundreds of thousands of pharmacies, hospitals, daycare centers, clinics, and other healthcare providers by keeping themselves supplied with the goods patients require. We, Shivrushi Surgimed Private Limited are proud to introduce ourselves as a pharmaceutical and surgical distributor who has been serving prestigious hospitals, institutes, and distributors since 2013 and has a proven track record of providing the highest level of client satisfaction. In an industrial complex between the Western Express Highway and Ram Mandir station in Goregaon, Mumbai, we are ideally situated.

We offer products at a very competitive price so you can sell them on the open market with ease and a healthy profit margin. To give you the greatest services, we have a superbly qualified crew. We have always worked to uphold the highest quality standards and have a facility that can handle all of your product demands. The company's key priority has always been customer and supplier satisfaction.
