Further, our Skin Packaging and Blister Packing Cards have a huge demand in the market owing to its high visibility, unmatched strength, easy application, etc. We have a completely equipped production unit in order to deliver bulk products at quick pace. **We extend our services at pan India Level.**

ABOUT US

Impressions started its business in **1995** with the aim to provide simple solutions to complex printing & packaging necessities. Impressions today provide single source solutions to meet your most challenging printed packaging needs. The team of innovative professionals is always prepared to work from concept to completion, turning the customer's packaging visions into a reality. Currently it is operating from **DLF INDUSTRIAL AREA, FARIDABAD.**

Impressions is able to offer a vast range of Printing and Packaging Products to satisfy the exacting demands of customers from printed mono-cartons, corrugated cartons, skin packaging & blister packaging cards and sheets, inlay cards, leaflets, brochures, Educational books, Exercise notebooks and registers, posters, newspapers inserts along with office stationery, paper carry bags, calendars, diaries and various other corporate gifting items.

Impressions have integrated departments for artwork processing, offset printing, screen-printing, hot foil blocking, gold embossing, varnishing, die punching, stitching, pasting and binding.

OUR SPECIALISATION

BLISTER/INLAY CARDS

Blister Cards are made of sturdy chipboard and printed front and back, used in various industries for packaging via both PVC and PET blisters. Blister packaging cards are available in various gramage of boards.

SKIN PACKAGING

Impressions is one of the few sources for Skin packaging also, known as vacuum packaging. This involves a heat sensitive adhesive or coating on a printed paperboard of special quality, and surlyn skin film (a plastic, flexible, transparent film). A special die cut card with graphical designs/product images could be used to fulfill the purpose.

Chief Characteristics of Skin packaging :

- Full Product display yet secure
- Minimized packaging material
- No fear of Pilferage
- Less space required for display
- Economical cost of packaging
- Attractive packaging
- Eco friendly as it can disintegrate in the nature quickly.

NOTE :

Skin packaging boards are available in a variety of sizes and thickness 260gsm to 1600gsm.
