# GROOMING

## THE GOOD

All your polycarbonate tableware by Stallion is top shelf dishwasher safe. When hand washing, only use a soft sponge and avoid repetitive movements like twisting whilst cleaning.

## THE BAD

At all cost, avoid scourers, scrubs or cleaning clothes that are abrasive. These will make your favorite polycarbonate pieces appear scratched and cloudy. Do not use these on any polycarbonate ware!!

## THE UGLY

Glass or scrubbers are damaging to all polycarbonate dinnerware. Hence, if you need to use these cleaning devices, it is recommended that you fold a thick kitchen clothe over them to create a protective barrier.
