About Us

Our decade-old company, Om Tech, is a sole proprietorship owned by Mr. Jignesh Kanani. He is an industry expert with a demonstrated history of excellence in our domain. We specialize in a broad range of LED Flood Lights, GI Road Lighting Poles, Street Light Poles, Octagonal Street Light Poles, and other products. Established as a dependable manufacturer and supplier of the aforementioned products, we prioritize quality across all our business activities.

From offering the highest standards of quality across our entire product range to promising reliability across our services, we make it possible to delight our esteemed customers with the best. We believe that by offering customers exactly what they want, we can build a stronger foundation of trust and loyalty with them. However, with business excellence, we strive to surpass their expectations, retaining their support for all our future endeavors. It is the support of our customers that leads us to the path of success.

Om Tech is an Ahmedabad (Gujarat, India)-based manufacturing company engaged in designing and developing an exclusive range of poles. The products we offer include Octagonal Street Light Poles, Street Light Poles, GI Road Lighting Poles, LED Flood Lights, and others. Each product is the meticulous creation of talented professionals who are well-versed in their jobs. The professionals make use of the best raw components to bring forth a product range that showcases durability, sturdiness, anti-corrosiveness, and reliability. The products are manufactured in compliance with industrial standards and norms. However, with respect to the products we deliver, none of our customers feel disappointed. Similarly, with our prompt after-sales services, we promise to offer a complete return on the money spent by the customers.
