## About Us

Our company, Glare Systems, was established in the year 2022 and since then, we have successfully established a solid reputation for providing clients with top-notch medical solutions as a manufacturer, supplier and trader. We provide a unique selection of medically used products, some of which are X Ray Digital Radiology Systems, Fuji Prima Capsula CR System, GME Counter Balance X Ray Machine, Opg X Ray Machine, Contec Digital One Channel 12 Lead ECG Machine, etc. Our products are all tested to the highest standards before being delivered to customers. We ensure that the products are provided to the customers at the most genuine prices. We also regularly conduct in-depth industry research in order to update our product range with the newest developments.

Our infrastructure spans a wide area and is constructed in a modern manner. Our infrastructure includes cutting-edge machinery and equipment. With the help of all resources of our infrastructure, we accurately manufacture a wide variety of medically used products, such as Digital X Ray Machine, CR System, Opg X Ray Machine, X Ray Digital Radiology Systems, ECG Machine, Portable X Ray Machine, Mammography, C arm and others. We have assembled a team of highly skilled experts to assure the highest degree of efficiency in handling each and every operation in our infrastructure. All of the manufactured goods are organized & securely stored in our on-site warehouse.
