About Us

Understanding the market demands for high-performing commercial kitchen equipment and general appliances, we, Cooling & Bio Medical Solutions came into existence in 2022. We offer a wide range of superior quality commercial Conveyor Ovens, Confectionery Showcase, Dish Washers, Ice Machines, Summit HBH850 Commercial Blenders, etc. We have received a wide appreciation from our clients for our product quality and services. We have always given special focus on customer services that helps us to make a connection with our clients in a better way. Furthermore, we have emerged as a reputed supplier in the industry because of our transparent business dealings with our vendors and customers. We also delight customers by offering reliable services such as installation, repair, and maintenance for these machines and equipment. Our company believes in fulfilling the expectations of customers in all aspects, whether in terms of quality of product or service. We take several actions and measures to ensure their complete satisfaction with us on all the aspects.

Under the mentorship of Mr. J E V S Kumar (owner), the company has achieved its various business goals within a brief span. His market knowledge and expertise in the domain enable us to understand the accurate demands and fulfill them. Furthermore, his guidance has assisted the team to perform their business activities efficiently and reliably.
