## About Us

Understanding the current need for premium quality fittings and valves, we, Jemi Valve Industries Private Limited, have come into existence in 2022. We are a new player in the industry and understand market competitiveness. Therefore, we have developed a streamlined process to operate and expand our business. We want to build long-term trust among our clients for which we have adopted a number of client-centric policies that help our clients get the best products, exceptional client servicing and more. Within a year of our operation, we have gained a good reputation of being a reliable manufacturer and supplier of a wide range of PP Compression Male Threaded Elbow, CPVC Nail Clamp, Solid Non-Return Valve, UPVC Clamp, Sink Cock, CPVC Ball Valve, PVC Single Union Valve and many other products.

Our manufacturing capabilities and product line are constantly being improved. To do this, we are always conducting research and development, which enables us to figure out how customer preferences and needs change over time. We are able to remain updated with changing industry trends and cutting-edge innovation, thanks to research and development. We work diligently to create new product designs and improve the current product line. We obtain an advantage over our competitors because of ongoing product and technological innovation.
