About Us

Every company in the sector, aims to be like our enterprise, B D J International. For more than 2 decades, we have maintained a strong grip in the domain. The reason behind our strong standing in the industry has been our phenomenal range of Lawn Brush Cutters, Chain Cutting Saws, Earth Drilling Augers, Five Tines Cultivators, etc. Our company never compromises on the quality of the collection, which is procured from few of the leading names of the country. The stock that we source from our trusted vendors is always quality tested under the strict vigilance of an expert team. Our company makes sure that all of our clients are delivered with a certified range, which complies to international quality & design standards. As a proud dealer and distributor of the country, we focus on reaching clients with our perfect range in a timely manner. Along with this, we maintain utmost transparency while dealing while aiming to prevent any malpractices at the company.

Our Ghaziabad (Uttar Pradesh, India) based company, B D J International, is one of a kind. We have been working in the market since 2000, only for the benefit of our clients. We constantly deliver them with best in class Five Tines Cultivators, Earth Drilling Augers, Chain Cutting Saws, Lawn Brush Cutters, etc. They are sourced from reliable vendors of the country and quality tested by our skilled team members. The team members are crucial to our business success. They help us in carrying out all of our business activities in a reliable manner. The skilled team of logistic agents affiliated to our company contributes immensely to our success in the market, and makes prompt deliveries of our range to clients.
