About Us

With decades of experience in its domain, we, B.M. Dev Plastics, have found a strong footing in the industry as a trusted supplier of stationery goods. We began operation in the year 1990 as a manufacturer, trader, and supplier of PVC Display Dangler Bag, ATM Covers, Documents Folders, PVC Display Hangers and other products. Our products are widely utilized in educational institutions and official spaces. We make sure to use the finest range of machinery and raw materials at our production setup in order to meet the demands of customers from these sectors. We are also backed by a large storage space that allows us to conduct warehousing operations with ease and make sure that our products are safely stored before delivery.

We have developed an advanced, well-equipped infrastructure to help us successfully manage every aspect of our business process and produce products of the highest quality. This infrastructure is essential to successful execution all of our operations. Our facility is divided into various departments where separate teams collaborate to help us finish projects within the committed timeline.
