COMPANY PROFILE

Structural Engineering Corpn **SECO** established in the year 1973 is a manufacturing company that exercises innovative methods for the development of rubber based products.

OUR PRODUCTS

O Rings

An O-ring, is a loop of elastomer with a disc-shaped cross-section, designed to be seated in a groove and compressed during assembly between two or more parts, creating a seal at the interface.

Size - Ranging from 1mm to 1000 mm

Material : Epdm, Viton, Neoprene, Silicon, Nitrile and Natural

Oil Seals

Oil Seals are primarily used for rotary applications. They have a flexible lip that rubs against a shaft or housing to prevent the leakage or access of fluids and dirt.

Size: We manufacture in various sizes as per customer requirements.

Material :- Viton, Neoprene, Silicon, PU Rubber

Gaskets

Rubber gaskets form barriers between two objects. This helps prevent leaks or contamination of a container's contents. The comprehensibility of rubber gaskets provides a sealing opportunity between two surfaces.

Size - We manufacture a large variety of Rubber Gaskets of different shapes & sizes.

Material : Viton, Neoprene, Silicon, Natural, Nitrile, EPDM.

Cable Lugs & Connectors

Cable lugs are devices used for connecting cables to electrical appliances, other cables, surfaces, or mechanisms.

Size - Available in all sizes as per customers requirement and specifications.

Material : Aluminium, Copper, Alloy.

Grommets

A grommet is a ring inserted into a hole through a thin material, used to prevent tearing or to cover the sharp edges of the pierced material. We can also manufacture them according to customer's specific requirements.

Size - We manufacture Rubber Grommets of different shapes & sizes made from a variety of rubber grades.

Material : Neoprene, Nitrile, Epdm, Natural Rubber.

Bearings

A rubber bearing is defined as a device which permits constrained relative motion between two parts—rotation or linear movement. We make metal clad bush and rubber bushes.

Size: We manufacture in various sizes as per customer requirements.

Material :- Nitrile Rubber, EPDM, PU Rubber.

Other Products

Rubber Bellow

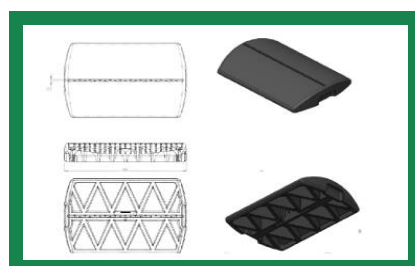

Metal Washer

Metal and Rubber Clamps

PCD Rubber Cups

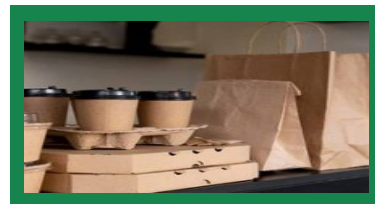

Rubber Pavement Sign

INDUSTRIES WE SERVE

At SECO Rubbers, we produce high-quality rubbers for customers in a diverse range of industries.

(Oil & Gas ,Construction, Agriculture, Pharmaceutical, Food & Packaging, Defense, Automotive, Sports, Marine,Railways,Dealer network all over India)

WHY US

- Customisation & specification to suit your need
- Integrated manufacturing facility
- In-house Testing facilities
- Material testing report from approved lab

OFFICE ADDRESS

6, Ali Shekhan Compound, Chincholi Bunder Road, Near B.m.c. School, Malad (West), Mumbai, Maharashtra, 400064, India.
