

TARA Paper Recycling Technology

More than 100 eco-schools in Delhi supported by Dept. of Environment-Delhi Pollution Control Committee recycle their waste using TARA Paper Recycling Technology.

Delhi is the pioneer state in India for generating awareness amongst students for recycling paper waste generated in their schools into usable paper. TARA Mini Paper Recycling units have been installed in more than 100 schools in Delhi itself.

The user friendly TARA Paper Recycling Technology is widely accepted and used by schools throughout India like Delhi Public School-Srinagar, Lady Doak College-Madurai, Dr. Ambedkar

Polytechnic-Andaman, KIIT University-Bhubaneswar.

The TARA Paper Recycling Technology is the center of attraction at Bal Bhawan, Delhi & Kendrapara, Orissa.
