PVC Strip / Industrial / AC Curtain

PVC material used in our PVC Strip Curtains are made from specially developed/designed by famous French company. The strips of these doors are made of transparent or colored plastic in full or partial overlap, these strips can create real partition walls suitable to divide rooms and sheds.

PVC Strip

Features:

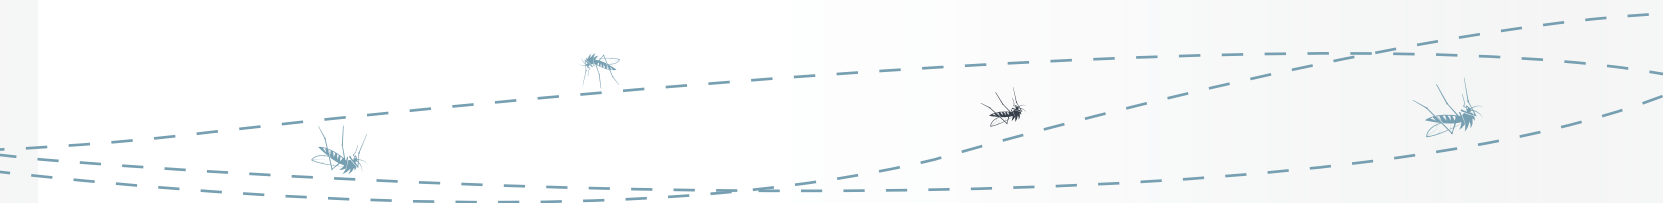

- Available in multiple colours (transparent, red, green, yellow, blue)
- Available in multiple thickness from 2mm to 4mm
- Available in multiple width 200 mm (8 inches) to 300mm (12 inches)
- Available in any quantity
- Available with fittings and installation
- Available both in transparent & opaque

Benefits of using PVC Strip Curtains and Doors:

- Can be installed in minutes
- Conserve conditioned air, even in high-activity areas
- Reduce heating and refrigeration costs
- Reduce noise levels
- Easy to clean and maintain

PVC Strip Hardware

Insect Killer Machine / Fly Catcher Machine

Backed by modern production facility and advanced technology machinery, we have emerged as a reliable distributor and supplier of premium range of Pioneer Insect Killer Machine. The machine is ISO certified and is known for outstanding protection from fleas, flies and insects. We offer 1 year warranty on the product (excluding tubes). It is highly suitable for use in hotel & restaurants, fisheries, dairies, pharmaceutical companies, cold storage, food processing units, etc. Pioneer Insect Killer Machine is fully automatic and functions seamlessly to provide ultimate protection from insects.
