Who We Are

"Customer Ecstasy!!!"

Keeping the above motto in mind, a group of highly Skilled & Experienced professionals, in UV Coating & Curing applications, started Dizario Group, four years back in 2014. The skill base consists of top class designing, manufacturing, servicing, applications and sales marketing capabilities. Since then, Dizario has installed more than 500 machines achieving, besides normal Gloss & Matt effects, appreciative Drip Off effects and various types of spot coating effects like Bubble, Sand, Glitter etc. With the support of the Industry, which was thriving for quality machines with warranted servicing and applications support, Dizario has won the laurels from 100% of its customers. On top of mind of each member of Dizario Team, is "Customer's Ecstasy!!!" To achieve that Dizario has adopted-

- Standardization
- Quality raw materials
- Effective chiller from Global
- Quality inspection at each step
- Support for various applications
- Most reliable electric & electronic components.
- Best available control panel from Flital
- Touch Screen of Siemens
- Final in house trials before dispatch of machines
- Availability of Spare Parts

Our Valuable Clients:

Aarti Enterprises, Delhi
Aastha Fabricators, Jalandhar
Aditya Graphics, Indore
Arto Print, Ahmedabad
Bahubali Printo Pack, Patparganj
Baba Printer, Delhi
Balaji Calander Printers, Hathras
Bihari Ji Packaging, Ballabgarh
BSSI Packaging Haridwar
Chawla Box Printer, Ludhiana
Color India, Kanpur
Diamond Printing Press, Jaipur
Gandhi Traders, Indore
Gauri Graphics, Kanpur
Gk Process, Viswasnagar
Global Printing Solution, Baddi,

Grafix Arts, Delhi
Guru Uv Process Pvt Ltd, Delhi
Hariom Printing Enterprises, Indore

International Installations :

- Tradelinks, Dhaka
- Infinity, Dhaka
- Charu Lata Press, Dhaka
- Fine Packaging, Dubai

INTERDECK, ANILOX COATER DRYER with UV DRIPOFF SYSTEM AUTO STACKER

UV DRYER with MANUAL COLLECTION

Model	DMUV 326	DMUV 330	DMUV 336	DMUV 340
Max Curing Size	26"	30"	36"	40"
Speed	9000 SPH	9000 SPH	8000 SPH	8000 SPH
Application	UV Printing, UV Coating, Drip Off UV etc.			
Options	UV, IR, Hot Air, Auto Hood Lifting			
General	Customized design according to customer requirement			
Standard Length	6', 9, 12', 15' etc.			
Lamp Power	300W / Inch, 400W / Inch			

INTERDECK SYSTEMS

Electronic Power Systems

Model	DM 20-S	Model	DM 90-S
Power Rating	2000 W	Power Rating	9000 W
Model	DM 26-S	Model	DM 120-S
Power Rating	2600 W	Power Rating	12000 W
Model	DM 60-S	Model	DM 160-S
Power Rating	6000 W	Power Rating	16000 W
Model	DM 75-S		
Power Rating	7500 W		

Control Panel for Interdeck Systems

Panel	Rital
Switch Gear	Schneider
Cable	RR / Wab
PLC HMI	Delta / Siemens
Design	Compact

Water Cool EOP

Intermediate with
Water Cool Interdeck

Air Cooled

Blower

LED UV SYSTEM

- The Wavelength of diode Ø 365, 385, and 395 nm (Nano Meter)
- About 80% Power Saving.
- Single touch operating system.
- Life of diodes 25000 working hrs.
- Easy to install and compact design.
- No heat Extraction such as Conventional UV-System.
- No ozone generated.
- The diode made from LG Korea.

UV CONVEYOR SYSTEM

UV Dryer suitable for Heidelberg SORM or equivalent press

UV Dryer suitable for Dominant Hi-Pile & Low Pile Adjustable

UV Conveyor for Screen Printing

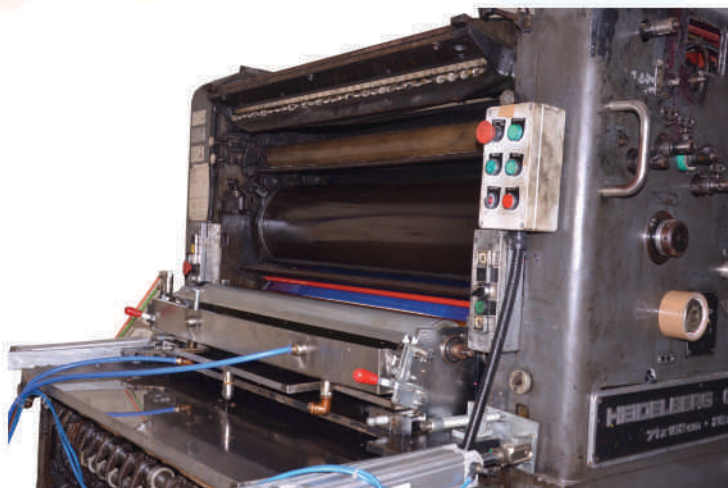

Auto Stacker

ANILOX COATER MODULE TRESU

Retro-Fit Tresu Anilox Coating Module

Heidelberg SORMZ Based High Speed Anilox Coater

Model	DMCA-26	DMCA-29	DMCA-36	DMCA-40
Sheet Width	26"	29"	36"	40"
Speed	8000	8000	7000	7000
Application	UV, Aqueous			
Options	With Diaphragm Pump			
General	Auto Synchronize with Machine Speed, Servo Motor Drive, PLC Encoder based Automatic Impression System			

ROLLER COATER CONVEYOR for UV & BLISTER COATING

Model	DZRC 20 UV	DZRC 30 UV
Max Sheet Width	20"	30"
Paper Thickness	Above 200 gms	
Speed	Up to 4000 SPH	
Application	Full UV Aqueous Varnish	
Options	IR Hot Air UV	
Standard	7' & 10'	
Coating Pump	Motorised Pump	

Roller Coater & UV Curing Machine

Blister Coating

SCREEN PRINTING MACHINES **DRM MODEL**

Clam Shell

Semi Automatic Screen Printing Machine

DM - 1824 CS Printing Area = 18" X 24"

DM - 2030 CS Printing Area = 20" X 30"

DM - 3040 CS Printing Area = 30" X 40"

Double Motor Semi Automatic

DM - 1824 CS Printing Area = 18" X 24"

DM - 2030 CS Printing Area = 20" X 30"

DM - 3040 CS Printing Area = 30" X 40"

ACCESSORIES:

Drying Rack

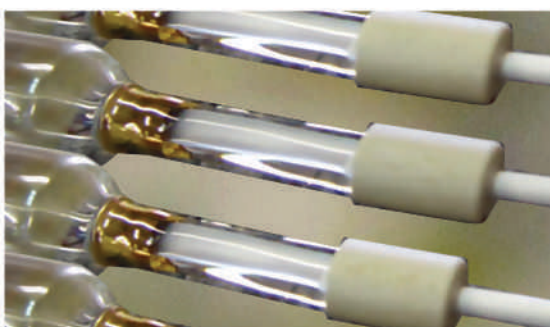

Aluminium Tabular Frame

Teflon Belt

UV Lamps

Type of UV Lamps

- Mercury UV Lamps
- Gallium UV Lamps
- Iron Dopping UV Lamps

Application

- Printing Industry
- Rubber Industry
- Automobile Industry
- Fungs or sterilization treatment

Type IR Lamps

- Twin Type IR Lamp with Short wavelength
- IR Lamp with Medium wavelength

installations all over the world
