GARBAGE E RICKSHAW

DELUXE ELECTRIC RICKSHAW

BATTERY ELECTRIC RICKSHAW

About Us

To cater to the problem of the climate crisis, the concept of electric vehicles came into being. The pollutants emitted by daily use vehicles can be greatly reduced with the help of products like Electric Scooty, Deluxe Electric Rickshaw, Battery Electric Rickshaw, and more. Electric vehicles are known to have a smaller carbon footprint in comparison to gas-powered ones. Apart from that, these products are known to have many health benefits as well. The use of electric vehicles will substantially improve the air quality, meaning the overall health of human beings will improve.

Keeping all that in mind, to cater to the growing demand for the above-listed products, our company, Krishna Vehicals, was founded. We are today known in the market as one of the leading manufacturers and suppliers of the above mentioned products. Our products are made using the best quality and tested raw materials. We procure these products from the most trusted vendors on the market and pass them through a series of quality assurance tests. Due to this, the quality of our products is unparalleled; they are robustly constructed and durable. Moreover, our products are highly efficient and easy to use.
