## About Us

G.K. Rickshaw was founded in 2014 as a partnership concern. We are the manufacturer, supplier and exporter of battery Operated Rickshaw and Battery Operated Cargo Rickshaw. We are Operating from an industrial location of Hooghly, West Bengal, India. G. K. Rickshaw is a well recognized manufacturer and supplier of Battery Operated. Besides, we are also a service provider of Battery Operated Rickshaw Repairing services. These are made by utilizing superior quality of raw materials and implementation of ground-breaking battery operated rickshaw technology. We have a team of dedicated members who always work towards the growth and success of our organization. Moreover, our large distribution is completely reliable in delivering products on time. Our products are manufactured by implementing the latest technological innovations in the field of battery rickshaws. The electrical components and the material used for making the body of our rickshaws are procured from reliable sources to maintain quality. Owing to this, our Battery Operated Rickshaws demonstrate various quality attributes such as high loading capacity, low power need, smooth driving and long operational life. Further, our Rickshaw has luxurious & comfortable seats with a strong body and chassis can take a maximum load of 4 passengers to travel. Our smooth production operation has full support from our large and advanced business setup which is equipped with all the facilities. We have a completely organized manufacturing unit which is continuously engaged in producing defect free rickshaws to meet the arising demands. Machines installed in this facility are completely reliable in operating 24x7 without any hassle. All our business operations are handled by a hardworking and goal focused team of professionals. These professionals understand the requirements of our clients and upgrade our organizational function to generate maximum level of satisfaction.
