About Us

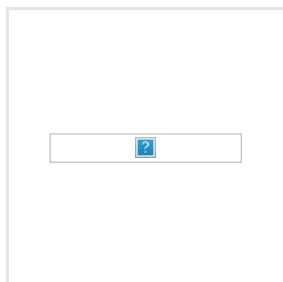

At Gramton Weighing Automations, we are proud to be a leading producer of high-quality industrial equipment. With a strong commitment to innovation, quality, and research, we have been providing top-of-the-line equipment to businesses across various industries for many years. Established in 2015, we have claimed a reputed position as a reliable manufacturer and supplier of Dimensional Weighing System, Barcode Receipt Label Printing Scale, Computerized Weighbridge, Electronic Crane Scale and other products. These products are used in numerous industries for several purposes including weighing vehicles such as trucks, buses, and cars, measuring the dimensions and weight of goods and other purposes. In addition to manufacturing our equipment, we also offer maintenance and repair services to our customers .

In our company, we take great pride in our commitment to sustainability. We strive to reduce waste, conserve energy, and minimize our environmental impact in every aspect of our operations. From our manufacturing processes to the materials we use, we are always looking for ways to reduce our carbon footprint and promote a cleaner, greener future.
