# GRAMTON CRANE SCALE (GCR)

Integrated Crane Scale  
HIGH PRECISION, STRONG & EXCELLENT STABILITY

## Gramton Crane Scale (GCR)

Integrated crane scale represents the latest level of technology and performance in the weighing industry.

**40 hrs Long Battery Backup**

**Android App for Data Storage**

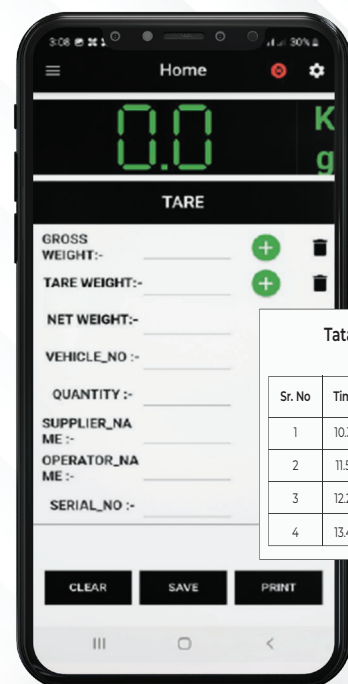

**High Safety & Reliability**

**Steel Housing with Anti-Corrosion Coat**

**Load Cell Physical Protection**

Tata Motors Ltd - Maval  
Date : 21.4.2022

Sr. No	Time	Gross wt.	Tare wt.	Net wt.
1	10.35	1001.05	0	1001.05
2	11.55	1001.20	0	1001.20
3	12.28	1000.50	0	1000.50
4	13.42	1000.20	0	1000.20

### Overview

- ▶ GCR series crane scales offer a high Precision, strong and excellent stability.
- ▶ This is right choice for heavy engineering industries such as Iron, Steel, Foundries, Railways & Logistics & more.
- ▶ Bright & Large LED display used for excellent visibility from a distant place.
- ▶ An optional remote display & thermal protection enable it to be used even in high temperature applications.

### Features

- ▶ Large & Bright Red LED (32mm) display for excellent visibility.
- ▶ Overload Protection.
- ▶ High Tension hook and shackle.
- ▶ Weight Accumulation Function.
- ▶ Push Button tare facility.
- ▶ Steel scale body - It can be used in high vibration and harsh work conditions.
- ▶ Convenient overhead weighing solution - Easy-to-read weight data on the scale.
- ▶ Power saving mode, automatic sleep and power off overtime static weighing.

### Models

Model	Capacity	Accuracy
GCR 2000A	2T	1 kg
GCR 3000A	3T	1 kg
GCR 5000A	5T	2 kg
GCR 10000A	10T	5 kg
GCR 15000A	15T	5 kg
GCR 20000A	20T	10 kg
GCR 30000A	30T	20 kg
GCR 50000A	50T	20 kg

### Technical Specification

Power Supply	230V AC, 50 Hz
Display	Bright Red LED, 5 Digits, 32mm
Safe Overload	150% of FS
Battery Charger	External
Battery	In-built 7.4 V / 5Ah
Rechargeable Battery	YES
Remote Control	Key Operation
Battery Operation	40 Hours

### Optional Accessories

Wireless Remote Display

Android App

Receipt Printer

RS 232 interface
