About Us

Since 2007, V S Machines has been a leading manufacturer and supplier of premium Pouch Packing Machine, Weigh Filling Machine, Auger Filler Machine, Sealing Machine, etc. These machines are precisely designed to offer optimal blending assistance when used as liquid filling machines, powder fillers, and granule fillers. We have been successful in building a name for ourselves in the sector thanks to our partner Mr. Surendra Kanojia. His leadership inspires all team members to stay committed to the goal of seeking excellence while concentrating on client satisfaction.

We have put up the most cutting-edge infrastructure that runs in line with the newest technology in order to continue pursuing our goal of achieving client happiness. We have different cells like manufacturing, warehousing, packing, and distribution in our premises. To ensure that productivity keeps pace with advancements, the installed facilities in these systems are regularly upgraded.
