About Us

Nirmaan Trade Group was recently established in 2021 and specialized in the field of Heating, Ventilation and Air Conditioning. With great financial status and ethical business practices, the company has gained a trustworthy position of trader and service provider in the Indian market. Associated with the leading manufacturing brands, the company is trading a qualitative assortment of Cassette Unit, Duct Indoor Unit, Ductable Unit, Air Evaporative Cooling, Water Cooled Chiller Unit, etc. Along with the products, we are providing cost-effective HVAC Projects Service with the help of our experienced professionals. Both our products & solutions are admired for their incredible quality and competitive rates.

As a trading organization, we put more stress on the quality of the products thus, making sure that the end products are sourced only from certified and reliable vendors of the market. The vendors are very carefully selected by our professionals on the basis of their domain knowledge, brand reputation, financial position, business policies, pricing & delivery structure, etc. We are thankful to our vendors that their consistent support enables us to meet the growing requirements of the customers. In the future, we would love to work with more trusted manufacturing companies of the Indian market.
