About Us

Kavita Dyes is a prestigious company from Bahadurgarh, Haryana, India. We are working as a manufacturer and supplier of Cardanol Phenolic Liquid, Hexamine Chemical, and CNSL Resin Free Flow. Since 2002, we have been formulating and marketing these products with 100% quality assurance. We follow an efficient and streamlined production process at our premises to develop the offered products. Along with it, we ensure to provide excellent service, and on-time delivery of orders to customers that enable us in achieving the highest level of customer satisfaction. We have earned the trust of our precious clients by maintaining the highest quality standards in our range. Further, we leverage on technological supremacy, innovation, modern testing facilities, and ethical company policies to earn optimum client satisfaction. To keep up with the shifting trends of the market, we consistently invest in technical advancement.

As a quality-focused company, we - Kavita Dyes, ensure that international quality standards are met in our product range. We are a manufacturer and supplier of Hexamine Chemical, Cardanol Phenolic Liquid, and CNSL Resin Free Flow. These are quality assured due to being processed from the finest ingredients. The testing and production activities are done in our premises at Bahadurgarh, Haryana, India. Here, we also have a research & development department, whose job is to constantly look for ways to produce goods that meet the unique needs of our clients. In order to improve our range, we also perform considerable research. All these activities are carried out under the guidance of Mr. Jitender Kumar, who is the proprietor of our company.
