About Us

Established in 2002 and based in Hisar, Haryana, Supreme Enterprises has emerged as a trusted name in the trading and supply of high quality power solutions. With over two decades of experience, we specialize in offering a wide range of Diesel Generator and Silent Diesel Generator that cater to diverse industrial, commercial, and residential needs.

We understand the critical role uninterrupted power plays in today's fast-paced world. Our generators are sourced from reputable manufacturers, ensuring reliability, efficiency, and durability. Whether it is for a factory, office, construction site, or home, our products are designed to provide seamless power supply while meeting stringent quality standards. Our Silent Diesel Generators are particularly popular among clients seeking powerful yet noise-free operation, ensuring a comfortable and disturbance-free environment. Our commitment extends beyond just supplying equipment. We focus on building lasting relationships with our clients through personalized service, prompt delivery, and technical support. Our experienced team works closely with customers to understand their specific requirements, helping them choose the right generator that fits their operational needs and budget.
