

WATER TREATMENT PLANT

Always succeeding by impressing customers

MANUFACTURER, EXPORTER & SUPPLIER

6 Station Disintegration Tester, ALFA UV Sterilizers, Atomtex AT1121 Radiation Dosimeter, Baggage Scanner, Bar Bending Machines, Bar Cutting Machine, CEN Standard Sand, Car Parking System, Centrifugal Blower, Chlorophyll Content Meter, Comet CBW 08 Cable Glands, Compact Thermal Camera, Concrete Bucket, Concrete Cover Meter, Concrete Pan Mixer, etc.

OLYMPUS MAGNA MIKE 8600 WALL THICKNESS

LAB-Q ULTRA - TYPE I WATER MAKER

OLYMPUS HANDHELD PMI DEVICE

About Us

Laid the foundation in the year 2018, Alfa Engineering Solutions is a well-established corporation in CBD Belapur, Navi Mumbai, Maharashtra, which holds expertise in manufacturing laboratory, civil engineering lab, water treatment, hospital, construction, monitoring, measuring and various other instruments. Using the technologies and machinery in the most efficient manner, we are producing Compact Thermal Camera, Industrial Turbo Ventilators, Online Water Analyzer, Food Waste Composting Machine, Operation Theatre Lights, 6 Station Disintegration Tester, etc. In conformation to the international standards, we are designing and developing the instruments in different specifications. The expertise we have gained over the years made us a renowned manufacturer, exporter, trader and supplier all over the world. As a quality-focused organization, we are putting our best efforts in all the tasks.

Alfa Engineering Solutions is serving the requirements of Electrical, Mechanical, Chemical, Instrumentation, Petrochemical and Various other industries. Situated operational unit in Panvel, Maharashtra (India); our organization is supplying Electric Motor, Laboratory Waste Incinerator, Cooking Oil Tester, Car Parking System, Digital Viscosity Meter, Concrete Bucket, etc. to all across the world in bulk quantity. Using the available facilities like technology and machinery in the best possible way, we are manufacturing the products in adherence to the global standards. Apart from producing in-house products, we are trading goods of brands like Olympus, SKF, Kent, Profoscope, Bartracker, Kyoritsu, TRISCO, Alfa, Aquasol, Ohaus and Carbontest.

Key Facts

No of Staff	15
Year of Establishment	2018
OEM Service Provided	No

Our Products

Silver Brazing Rod

**D-Tect 120 Professional
BOSCH Floor Detection**

**Sand Equivalent Test
Apparatus**

**Lab Q Ultra Type I Ultra
Water Maker**

**Profoscope HM-197
Rebar Detection**

**Laboratory Jaw
Crusher**

Concrete Cover Meter

Concrete Pan Mixer

Bar Bending Machines

Centrifugal Blower

**Glow Wire Test
Apparatus**

**SKF TMEH 1 Oil Check
Monitor**

**Niton XL2 Positive
Material Identification**

Vogel Test Apparatus

**Fully Automatic Coal
Plastometer**

**6 Station
Disintegration Tester**

ADDRESS

**A/413, Shiv Chambers, Sector-11,
CBD Belapur, Navi Mumbai,
Maharashtra, India (400614).**
