About Us

Keshar Plast is one of the fastest growing company which is recognized as a prominent manufacturer of Industrial Hoses such as Polyurethane Tube, Polyurethane Coiled Tube, Polyurethane Round Belts, Polyurethane Pipes, PU Pneumatic Tube and other Specialty Hoses that are fitted in pneumatic systems. Durability, strength, innovation and quality are the hallmark of each product produced in our company. The entire range is selling in the market under the brand name TECHNO Air which has achieved nationwide acceptance and soon to be launched at international platform with the help of our channel partners situated in India & abroad.

All the innovations taken place in our company are primarily based on PQR theory which means Performance, Quality and Reliability. We believe that once the performance of our products are examined they results in best of quality and set reliable standards in the industry. Our clients, channel partners and business associates feel proud to know that we are one of India's fastest growing companies of PU TUBE and we will achieve a dominating place in national & international markets in the future. Our infrastructure facilities is at par with global standards and we are consistently trying to set up a bigger plant to meet the ever-growing requirements of the clients.
