About Us

Raman Thermosets is a privately owned company, ably led by a dynamic team of young directors. It operates under the flagship of M/s. Vidya Bros & Co., which was established in 1960 by the late Mr. P.K. RAMAN. The group also caters to the diverse product needs of a number of flagship companies in India, including Havell's Dorman Smith Ltd., Ttl Ltd. (Meter Division), G.E. Power Controls Ltd., ASEA BROWN BOVERI LTD., LK Pace India Pvt. Ltd., and Crompton Greaves Ltd., among others. Today, our company is among top manufacturers and suppliers of Arc Chamber, Circuit Breaker, Contact Carriers, Metro Coach Handles and more.

Raman Thermosets is one of the leading manufacturers in the sector, a high range of high quality components like Motor Housings, Operating Mechanisms, Plastic Raw Materials, And Pole Boxes. We harness with advanced manufacturing techniques in Thane, Maharashtra, India, that combine stringent control processes to meet our diverse clients needs. All our products are built for durability and efficiency, whereas our operating mechanisms ensure reliable performance in various applications. Right from our very first deal in 1993, we have been offering value for money to customers and will continue to do the same in future too.
