PRODUCT RANGE

PEB Structures (Pre Engineered Building Structures) - PEB Solutions

PEB is a technology invented by the Engineers which is completely based on computer added system and does not have any scope of mistake in any manners. PEB structure is a structure stands with one power system even if it has numbers of components (Purlins, Girts, Rigid frames) and subassembly's associated with. Fully advanced technological concept which helps to save time for construct the building and most importantly saved the money for customer.

Building basic parameters :

The pre - engineered building systems is fast Growing segment globally. It has all the attributes of what the modern lifestyle demands. There are many applications for pre - engineered buildings.

Industry Applications

- ◆ Factories
- ◆ Offices
- ◆ Logistics & Warehousing
- ◆ Automobile Showrooms & Workshops
- ◆ Textile Industry
- ◆ Defense Structures
- ◆ Plastics, Printing & Packaging
- ◆ Institutional Buildings
- ◆ Engineering Industry
- ◆ Toll Plazas
- ◆ Food, Pharmaceuticals & Chemicals Plants
- ◆ Agricultural Building
- ◆ Electrical & Electronics Industry
- ◆ Aircraft Hangars

Advantages (PEB Service)

- ◆ Reduced Construction cost & Time
- ◆ Factory Controlled Quality & 100% Leak Proof
- ◆ Virtually Maintenance free
- ◆ Single Source responsibility
- ◆ Fully Automated Welding Process Up to 16 Meters Length
- ◆ Fastest Delivery Periods & Installation
- ◆ Clean Span up to 100 Meters & Aesthetic Looks

DESCRIPTION	C-PURLIN	Z-PURLIN
WEB	75-300	120-300
FLANGE	30-80	30-80
LIP	10-25	10-25
THICKNESS	1-3.15	1-3.15

Purlin

'Z' AND 'C' purlins are specially designed to provide economy to building construction and keep the site clean and environment friendly, and yet it is strong and sturdy to hold the building in position for lifelong. 'Z' and 'C' sections are accurately roll formed from high strength galvanized steel, cut to the length and are pre-punched to the required dimensions to provide efficiency in faster constructions.

KINDS OF PROJECTS

Our Clientele

- ❖ Elecon Engineering, Anand
- ❖ Power Build Pvt. Ltd., Anand
- ❖ Polycab India Ltd, Halol
- ❖ Pavit Ceramics Pvt. Ltd, Dahej
- ❖ Victory Tiles, Mehsana
- ❖ Atul Ltd. Ankleshwar
- ❖ Associated Power Structure.
- ❖ Taikisha Engineering, Vadodara
- ❖ Texspin Bearing Limdi.
- ❖ Bechtel India, Vadodara

JSW Colouren+

Premium Colour Coated Roofing Sheets

Authorised Dealer : AMI STRUCTURES PVT. LTD.

We VALUES : Invention | Distribution | Effectiveness | Satisfaction

Factory

Plot NO.: 385, Nr. Bombardier Circle, Manjusar GIDC, Savli.
