## About Us

Established in 2017, Stallion Auto Parts has evolved into a trusted and quality-driven name in the Indian automotive replacement market. Headquartered in India, we are known for delivering a vast range of automobile components and hardware goods with a strong commitment to product quality, customer satisfaction, and innovation. Over the years, we have developed an extensive product line that includes Engine Clutch Housing, Brake Clutch Lever Set, Crown Wheel, Steering Wheel, Tractor Parts, CNC Machined Components, etc. Our offerings cater to a wide spectrum of industries and end-users, supporting both high-end commercial vehicles and industrial applications.

Under the leadership of Mr. Bharat Khanna, and guided by the technical expertise of Mr. V.K. Khanna, a seasoned mechanical engineer with over 40 years of industry experience, Stallion Auto Parts has set new benchmarks in product development, supply chain excellence, and customer service. Mr. Bharat Khanna, also a mechanical engineer with experience at Telco (TATA Motors), oversees day-to-day operations with a clear focus on growth and client satisfaction.
