About Us

Since the year 2020, when our company, Charuja Fish Hatchery And Fisheries was founded, we have offered a large selection of fish seeds in the market. As a top supplier and producer of the freshest selection of fish seeds we have built a strong reputation in the food industry. Carp Spawns Fish Seeds, Catla Fish Seeds, Grey Mullet Fish Seeds, Fresh Katla Fish Seeds, Rohu Fish Seeds, and other products are only a few of the numerous we provide. A large number of customers prefer our products because of their freshness, high quality and, most importantly, reasonable price range. In addition, we make sure to pack all the products in high quality materials so that they are delivered safely to the customers.

Our company, Charuja Fish Hatchery And Fisheries has been analysing the continuously increasing demands for fish seeds in the food industry and completing them with our unique selection of products. We properly grasp the preferences of customers and accordingly give them the best solutions. Customers have always showed appreciation in our unique product range which includes Amur Carp Fish Seeds, Carp Fry Fish Seeds, Fresh Fish Seeds, Katla Fish Seeds, and many more. We have our facility situated in the city of South 24 Parganas, West Bengal, India, and here we process the fish seeds in a clean and hygienic environment. We additionally make sure that the prices of our products are as low as feasible.
