About Us

Electrical energy conservation is an admirable feature of the electrical equipment. Established in 1993, Jain Batteries (INDIA) offers a wide range of energy saving electrical products to its customers. We are a prominent manufacturer, exporter and supplier of a wide range of Rechargeable Torches, Plastic Torch Cabinets, D.C. Fans (6 Volts and 12 Volts), VRLA Batteries, Reflectors, Led Torches, Power LED, Mini Inverters, Solar Lanterns, etc. Our entire range of products is manufactured with cutting edge technology and is exported to numerous locations across the globe.

We work with a mission to provide high quality, non-radiative and long-life lighting solutions to our customers in a bid to improve the quality of lifestyle for billions of people. Our product range is popular owing to its features like high power based lighting, minimum energy consumption and cost effectiveness. Under the able guidance of our mentor Mr. Anish M. Jain, we continue to expand our business and reach out to untapped markets worldwide.
