Handheld Electronics ABS Enclosures for Your Unique Needs

Custom Enclosures by Auro3D for Perfect Fitting and Performance.

Introduction to Auro3D Services

At Auro3D, we specialize in customizing ABS enclosures that seamlessly integrate your electronics. Save time, ensure a perfect fit, and enhance your product's performance with our custom solutions.

Size Options:

- ✓ 165 mm x 90 mm x 28 mm, with custom sizing available as needed.
- ✓ Customization Flexibility:
- ✓ Flexibility to adjust dimensions and other specifications.

Versatile Customization Options

Add cutouts to fit your devices such as LED displays, custom connectors, etc.

Challenges with Standard Enclosures

Standard enclosures present challenges such as:

- ✓ Time-consuming manual modifications.
- ✓ Additional costs for mounting solutions.
- ✓ Poor fit with custom PCBs and devices.

Business Value of Custom Enclosures

Benefits of Auro3D custom enclosures:

- ✓ Reduced labor and material costs.
- ✓ Secure fit and enhanced device longevity.
- ✓ Better brand presence with personalized enclosures.
