## About Us

Our establishment Shakti Hitech Components Pvt. Ltd. is primarily engaged in the production of Pressure Die Cast Components duly machined and assembled as per customer's requirements. We are manufacturing components in various grade alloys of Aluminium, Zinc and Iron on our CNC turning centers and Vertical Machining Centers (VMC). We are known as leading manufacturer, exporter and supplier of Machined and Assembled Pressure Die Cast components, Precision Auto Turned Parts for Electrical, Auto Electrical, Automotive and Consumer Durables. Our manufacturing engineers work to design components which are available as low maintenance and highly competitive parts.

Our company is engaged in dealing with various fabrication industries like manufacturing washing machines parts and Aluminum pressure die casting components. Along with this, we cater to industries engaged in manufacturing lifts, iron bar turning components, industries specialized in offering Commercial vehicle components such as Aluminum pressure die casting components, Fan industries offering Aluminum pressure die casting components and Industries offering Furniture office system like die casting components. We have a complete in-house infrastructure from designing, die manufacturing, component and assembly production, finishing and packaging all under the strict vigilance of Quality Controllers.
