

Saviour Chem Pro Extra Gloves

Model No.: HNPSAV-CPE

General Description:

- Available in a wide selection of lengths, thicknesses, sizes and linings, the Saviour Chem- Pro Extra glove is designed to deliver optimal results in wet or dry work environments where chemical resistance is crucial. Fully reusable, with an unequaled abrasion resistance, it provides superb comfort for the wearer.
- Saviour Chem – Pro Extra gloves are the ideal choice for safe handling in a wide range of work environments where harsh chemicals are present.
- The unlined version of the glove has no inner cotton flocking, reducing risk of lint contamination and making it ideal for production areas sensitive to the introduction of external impurities.
- The reversed lozenge finish further enhances levels of grip.
- The sandpatch finish gives the glove a smooth surface that decreases indirect costs thanks to fewer rejects of fragile parts.

Primary Industries:

- Automotive
- Building & Construction
- Metal Fabrication
- Agriculture & Viticulture
- Glass
- Chemical

Specifications:

- Coating material : Nitrile
- Liner material : Flocked
- Grip Design : Sand patched
- Cuff Style : Gauntlet
- Thickness MIL : 22
- Colour : Green
- EN SIZE : 8, 9, 10
- Length in MM : 455
- Packaging : 144 pairs/Carton

Certifications:

EN 388-4101 EN 374:2003 JKL

Applications: Agrochemicals | Chemical processing and preparation | Metal fabrication | Printing industry | Refining - Oil & Petro
