About Us

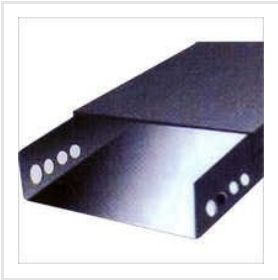

B.E.C Industries are reckoned as a largest manufacturer, exporter and supplier of Galvanized Conduits, Steel Conduits, PVC Conduit Accessories, Electrical Installation Accessories, PVC Conduit Pipes, PVC Bends, Ladder Type Cable Trays, Perforated Cable Trays, Cable Raceways, Ladder Cable Tray Accessories, Perforated Cable Tray Accessories, Cable Tray Support System in India. Our organization has been accredited with ISO 9001:2008 certificate and also has CE approval for all our products. All products manufactured by us complies with all the necessary requirements of health, safety and environment protection legislation. Successful execution of major projects in India including L&T, Adani Power, DLF, Metro, NTPC and ITC has enabled us a prominent position in the industry.

B.E.C. Industries was started by late Mr. Balmukund Mehra in the year 1951. After him the company was managed by his son late Mr. Krishan Kumar Mehra. Now-a-days many big organizations takes pride in implementing best practices, ethics and efficiency in work culture, however, we at B.E.C. Industries, are still managed by third and fourth generations. Interfacing with the challenges in the construction and industrial sector, we have constantly worked toward bringing forth innovative conduits with assured electrical safety.
