

**A Company Which Delivers Quality Surgical Instruments, Orthopedic Implants & Instruments And Rehabilitation Aids Of Several Sizes..**

## About Us

For helping medical fraternity in well treating the orthopedic problems of patients, we, **Infinity Ortho**, started our operations in the year 2012. We are an **ISO 9001:2008 accredited** business unit, which works as a **manufacturer** to develop and serve quality **Orthopedic Implants & Instruments, Rehabilitation Aids and Surgical Instruments**. Our company is totally dedicated to provide products that improve current treatments in the Orthopedic Trauma surgery field. Each piece of our company is developed in specifications that are created after taking opinions of medical councils. The quality **Orthopedic Implants, Interlocking Nails, Spine Implants and Power Tools** we offer are used for fractures, joint replacements, neck & lower back disorders, multiple trauma and other orthopedic complications. Further, we are appreciated in the market for well providing aftersale services of orthopedic equipment such as Reaming Machines, Drilling Machines and Cvast Cutters. Our company works sincerely and makes sure to provide these services within 48 working hours. Such qualities of our business unit along with fast delivery of orders have made us partner with several procuring companies, hospitals, universities and ministry of health.

## Quality Assurance

We are known for serving the finest quality orthopedic products in the market. We understand the fact that our products are used in orthopedic complication treatment, a little defect in them can harm the patients. Therefore, we carefully develop each piece of our offerings from the finest grade material that are approved for use by several medical institutes. Our company has hired only skilled workers for carrying out work of making Bone Implants, Spine Implants, Modular Hip Implants, Orthopedic Instrument Set and several other products which it offers. Further, we examine each piece on a number of parameters to ensure its safe usage, perfection in design and rich quality, prior to dispatch.
