About Us

Since 2008, Audislave Hitech Technologies has been reckoned as a major Manufacturer, Supplier and Exporter in the market in the domain of automatic school bells, PA systems, call bell systems, bedside remote units, bell timer clocks, etc. We employ the latest technologies in the production of these products, ensuring they meet industry standards. Our offerings are highly regarded for their ease of use, superior finishing, robust design, and long-lasting performance. As a client-centric organization, we focus on delivering exceptional service with our products. We have a dedicated manufacturing unit where our experienced professionals design and develop systems meticulously to meet client specifications.

Under the visionary leadership of our mentor, Mr. Ajit Sharma, we have reached remarkable heights. His innovative approach inspires our team to continually enhance the various operations within the company.
