

## Smart Cleaning Machines Catalog

2014 - 2015

# about

Partek – A brand of Nutech Group, offers the most comprehensive range of high quality, eco-friendly, Smart Cleaning Machines, Tools and Chemical products with a range which has grown to almost 800 products. The after sales support of Partek is considered the best in the industry.

We offer cleaning & hygiene solutions to almost all segments like Healthcare, Hospitality, Industry, Retail, Food & Beverage, Infrastructure Projects, NGO's, and Government including Railways, Airports and Municipal Corporations. We also cater to the vast chain of Building Service Providers who are today the backbone in the growth of very important soft services to these sectors.

## WE FOLLOW 12 STEP APPROACH SO THAT YOU GET THE MAX

- Try to understand your needs
- Do assessment of your site
- Advice you the options
- Make a proposal
- Conduct a demonstration
- Process your order
- Supply to your destination
- Do commissioning and training at your site
- Provide after sales service support
- Do regular audit of your property
- Follow-up with refresher training support

**Aim for complete scustomer satisfaction**

Partek products are designed and manufactured keeping Indian conditions in mind at world class factories located in India, Switzerland, Germany, Italy, France, Denmark, USA & Japan meeting ISO 9001, ISO 14000 and 18001 Quality Systems so that you get the best.

Though there are no government guidelines for cleaning systems in India, but from the day one, we have always kept in mind to keep our product range >90% eco-friendly. So far, we have been very successful in doing so, even though it involves a much higher cost to manufacture. But in the end, we can swear by our products in terms of superior quality.

Come Associate with us and we will take you to next level, which is :-

#### SUPER DISC 12

- Swiss precision quality machine designed for maintenance cleaning of stone, parquet, carpet & vinyl floor
- Simple, lightweight and easy to operate
- Works on rotary cum oscillatory motion

#### SUPER DISC 165

- Swiss quality everyday floor cleaning machine
- Simple, easy to operate and very low noise
- Centre water feed & off-centred motor for Perfect balance
- Elegantly designed to work upto the edge

#### SUPER DISC 165 HD

- Swiss quality machine for heavy duty floor cleaning & dry foam carpet shampoo
- Silent, ergonomic and elegant
- Centre water feed & off-centred motor for balance
- Strong Aluminium alloy, rust free chassis

#### MAESTRO

- Economical & All-in-One Purpose Single Disc machine
- Efficient maneuvering due to its special ergo handle
- Can also perform carpet shampooing with Dry Foam Generator

#### SUPER SCRUBBER

- Provides efficient Scrubbing & Buffing of floors
- Maintenance free three planetary gear drive
- Central placed motor provides an even contact pressure and a smooth run.
- Cast aluminum chassis & abrasion-proof bumper

#### SUPER DISC DUO

- Swiss precision quality for floor cleaning, buffing & dry foam carpet shampooing
- Low noise belt drive unit offering same features as Super Disc 165 HD but with 1500 W dual speed motor, you get a choice of 180 or 380 rpm through a handy switch.

#### SUMO

- European mastered machine for floor cleaning, diamond polishing and crystallization on stone floor
- Triple planetary gear drive
- Centrally placed motor provides an even contact pressure

#### UHS 1500

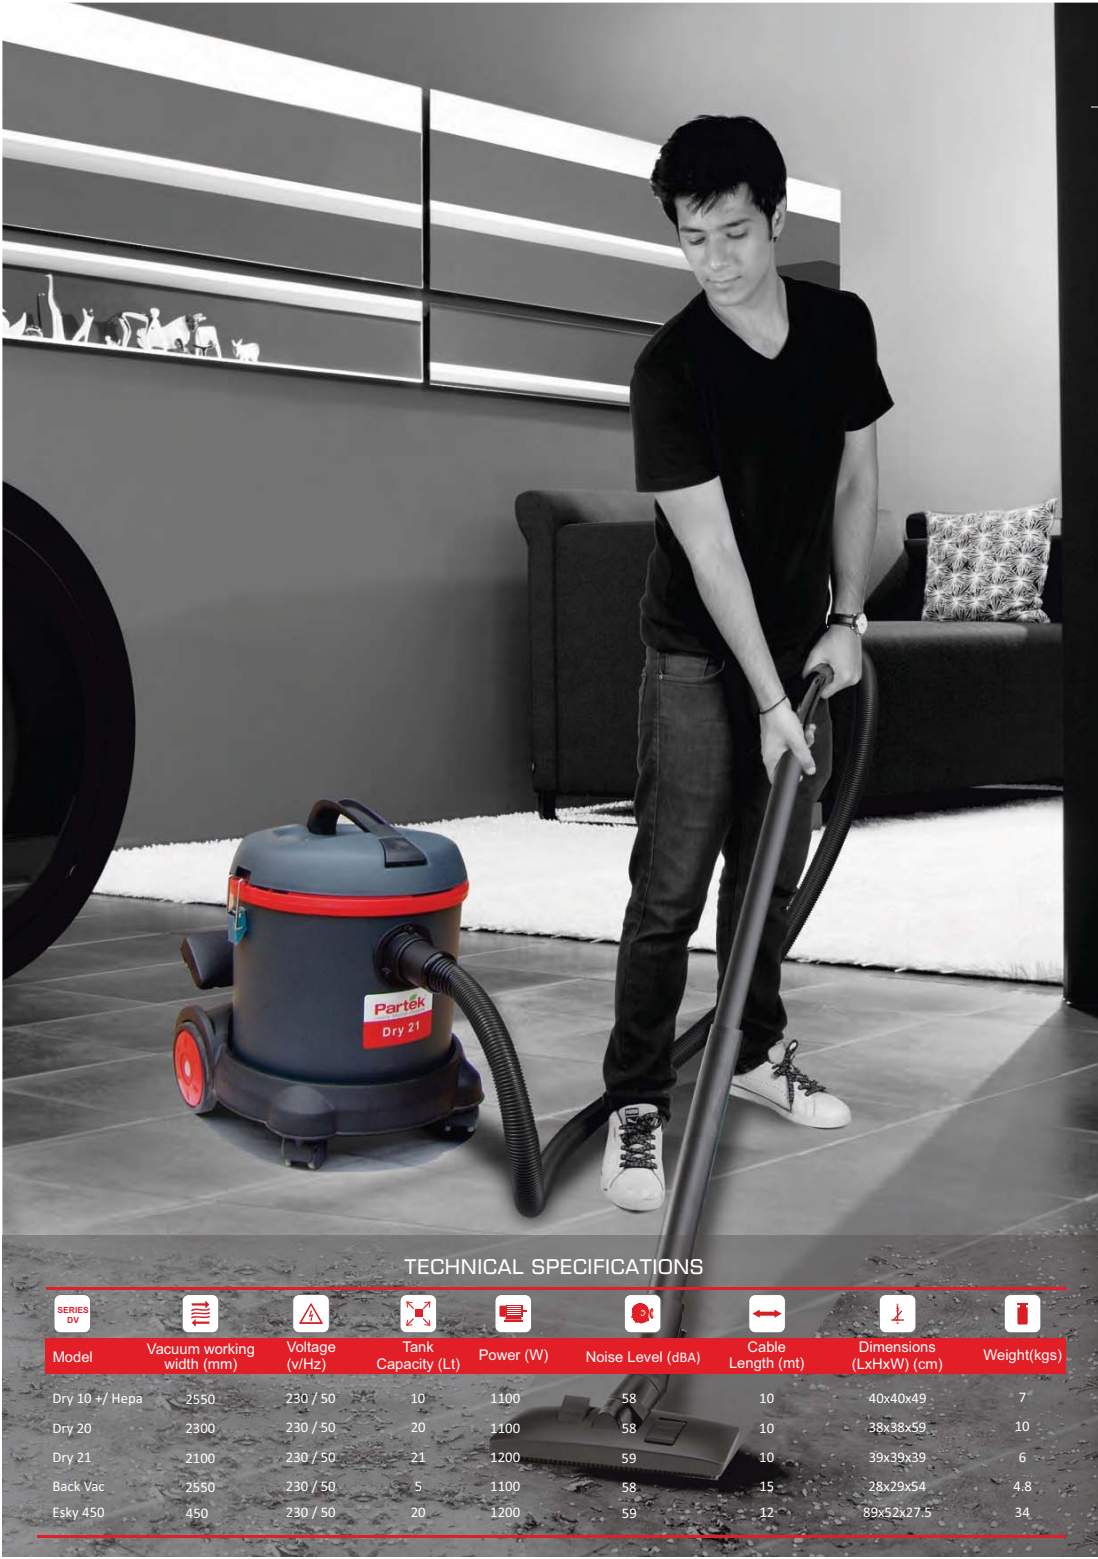

- It is designed for polishing the floor of all kind of stone materials
- Provides ultra high speed burnishing making the floor shine like a mirror
- Beautiful and fashionable appearance and requires easy efforts

#### CHAMPION STONE LINE HD

- Provides specialized general cleaning, crystallizing & renewing of all sorts of stone floors
- Customized aluminum housing to ensures no rusting
- Triple planetary steel gear drive
- Equipped with durable butterfly handle
- Additional weight blocks can be added

# DRY VACUUM CLEANERS

## DRY 10 PLUS

- Swiss precision quality dry vacuum cleaner
- Quiet as a whisper, agile, and very user friendly
- Compact design with superior features
- Powerful dry vacuuming performance
- Smart attachment holder, 5 castors, detachable cord

## DRY 10 HEPA

- Swiss precision quality dry vacuum cleaner
- Quiet as a whisper, agile, and very user friendly
- Compact design with superior features
- Powerful dry vacuuming performance
- Smart attachment holder, 5 castors, detachable cord
- HEPA - Micro Filtration for germ free environment

## DRY 20

- Swiss precision quality large dry vacuum cleaner
- Quiet, agile, reliable and very user friendly
- Compact design with superior features
- Powerful dry vacuuming performance
- Round body, 5 castors, and cord winding system

## DRY 21

- Silent, robust & user friendly with Large dust bag
- Powerful dry vacuum performance
- Consistent reliability & Detachable Cord
- Simple and solid hose connection
- 2 wheels & 2 castors for stability & manoeuvrability
- Easy cord winding system

## BACK VAC

- Swiss precision quality shoulder mounted dry vacuum
- Cleans congested areas faster
- Lightweight, portable, with superior cleaning performance and a comfortable carrying frame
- Suitable for Cinema halls, auditoriums, conference halls, class rooms, restaurants etc

## ESCALATOR CLEANER

- Superior escalator and walkalator cleaning machine
- Strong robust chassis for long machine life
- Dust bag inside helps, it collects dust easily
- The collapsible handle is easy to store
- Its simple operation needs no training

## WET & DRY VACUUM CLEANERS

### TECHNICAL SPECIFICATIONS

Model	Vacuum (mmH <sub>2</sub> O)	Voltage (v/Hz)	Tank Capacity (Lt)	Power(W)	Noise Level (dBA)	Air Flow (m <sup>3</sup> / H)	Dimensions (LxHxW) (cm)	Weight (kg)

#### VAC 22 WD

- Swiss quality wet & dry vacuum cleaner
- Robust, flexible and aesthetically appealing
- Superior features and performance
- Complete accessories included for wet & dry vacuuming

Lightweight & portable - a good choice for automobiles

Efficient at picking up fine wood powder

#### VAC 1032 P

- Professional quality with robust construction
- Bypass cooling motor for long life
- Strong shock proof plastic body
- Powerful suction and air flow
- Comes with all the accessories to perform multi-cleaning

63 lt.  
TWIN  
MOTOR

Achieve optimum results in car upholstery

Easy vacuum of liquids and spill recovery

#### VAC 2063 S

- Large area wet & dry vacuum cleaner
- Superior suction ability to clean areas efficiently
- Robust, flexible and aesthetically beautiful
- Additional outlet with hose for easy emptying
- Strong and durable stainless steel tank
- Standard accessories included

80 lt.  
TRIPLE  
MOTOR

#### VAC 3080 S

- Large area wet & dry vacuum cleaner
- Robust, flexible and aesthetically beautiful
- Additional outlet with hose for easy emptying
- Superior suction ability to clean areas efficiently
- Strong stainless steel tank
- Standard Accessories included

## STEAM DISINFECTION SYSTEMS

### Light duty STEAM ONLY

4  
BAR  
PRESSURE

#### ALPHA

- Professional entry level dry steam cleaner
- Can clean, degrease and dis-infect washable surfaces
- No chemicals are required to clean
- Performance increases with Partek microfiber cloths
- Completely hygienic and eco-friendly solution

water  
saver

### 50+ applications

### Medium duty STEAM ONLY

6.5  
BAR  
PRESSURE

#### ALPHA PLUS

- Ergonomic Professional Steam Cleaner with appealing looks
- All accessories are mounted on the frame
- Easy to carry & convenient
- Continuous flow and can run for long hours
- Disinfects & Sanitizes every type of surface

### Super Heavy duty STEAM ONLY

The only single phase machine in the world with 180 degree steam temp. at 9 bar pressure.

STAINLESS  
STEEL  
CHASSIS

10  
BAR  
PRESSURE

### Medium duty STEAM + VAC

9  
BAR  
PRESSURE

### Heavy duty STEAM + VAC

Best suited for  
Food Processing  
Plants

STAINLESS  
STEEL  
CHASSIS

10  
BAR  
PRESSURE

#### STEAM HD

- Hot water injection facility to enable Steam Washing
- Provision for mixing Detergent with Steam for cleaning stubborn dirt and grease.
- Robust rust resistant Stainless Steel Chassis for corrosion free durable body
- Large rear wheels for easy mobility
- All functions can be remotely controlled

#### STEAM N VAC

- Professional medium duty steam & vacuum cleaner
- Can clean, degrease, dis-infect and pick-up dirty solution
- No chemicals needed but provision to add chemicals
- Three levels of steam, vacuum & chemical control
- Performance increases with Partek microfiber cloths
- Completely hygienic and eco-friendly solution

#### STEAM N VAC HD

- Heavy duty steam n Vacuum Cleaner
- Can clean, degrease, dis-infect and pick-up dirty solutions
- No chemicals needed but provision to add chemicals
- Stainless Steel body, heavy duty accessories
- Completely hygienic and eco-friendly solution
- Many models available from 3.4 KW to 36 KW,

DRYING

### FOAMY

- The only machine of it's type in the world
- Dry foam + motorised hand scrubber + vacuum combined together provide the ultimate solution for sofa, chair and car interior upholstery cleaning
- The cleaned surface dries in 2 hours
- Large tank capacities for uninterrupted work

**SPRAY** Injection  
Extraction  
carpet cleaning

**1 JET**  
NOZZLE

**2 JET**  
NOZZLES

### MINI / MINI PLUS

- Swiss precision quality, spray-extraction machine
- Suitable for heavily soiled carpets
- Perfect for small areas, spotting and car interiors
- Robust construction, compact & light weight
- Comes in two variants with 1 and 2 jet nozzles
- For deep cleaning of carpets & upholstery

**3000CFM**

### CARPET & FLOOR DRIER

- A Shock-proof body high speed air blower for drying wet/damp carpets and floors
- Strong 900w of motor blows 3000 cfm of air for faster drying
- Speed selector switch helps regulate air speed
- Prevents shrinking due to room air turbulence

## COMBIJET SCRUBBER DRIERS

### COMBIJET 1660 E

- Great maneuverability due to compact size
- Designed to assure minimum noise level
- High Brush Pressure for optimum cleaning results
- Handle height adjustment for operator convenience
- Center water feed ensure even distribution of solution
- Belt-drive provides for low current draw and high torque

### COMBIJET 1550/1760 E / B / IBC

- Swiss quality walk behind scrubber drier
- High brush pressure for optimum cleaning results
- Handle height adjustment to suit operator
- Solution flow rate adjustment
- Available in Electric, Battery & with inbuilt charger

### COMBIJET 2300 E / B

- Swiss quality with Great maneuverability due to optimum weight distribution
- Anti-foam system prevents damage to vac motor
- Robust construction and low noise
- Solution control with auto stop mechanism

### RIDER MINI

- A compact size - easy to enter all elevators and convenient to go upstairs and downstairs
- Scientific cleaning with easy operations without special training
- Quiet & comfortable with 58 decibels
- Fast-speed recharging port: convenient for recharging

### RIDER JUMBO

- A Scientific cleaning work horse with easy operations requiring no special training
- Scientific cleaning with operational ease, significantly improving the hygienic level of venues
- Ultra-quiet design, specially suitable for sensitive venues like hospitals and schools
- Achieves a productivity of 4800 sqm/hr easily

### COMBIJET RIDER 6000+ / 7000+

- Swiss Precision quality ride-on scrubber drier
- Cleans and dries floor at high speeds
- Narrow turning radius and low height
- 4 wheel chassis ensures safety even at high speeds
- Rear wheel drive with slip resistant tires ensures better traction
- Self positioning brushes ensures cleaning up to the edges

## WALK BEHIND VACUUM SWEEPERS

### ECOLINE 700 M

- Professional manual sweeping machine
- Sweeping performance upto 1500 sq.m/hr
- No fuel, no battery, no power required
- Side brush ensured cleaning next to wall
- Main brush picks up dust, leaves, empty cans, small garbage
- Solid construction and very user friendly

### Working Mechanism

### Emptying the Hopper

Highly mobile and easy to use in small areas

### ECOLINE 710 B/P

- Direct vacuum sweeping system
- Dust control by indirect vacuum fan on filter
- Dust filter choice between polyester textile or cellulose panel
- Free floating self adjusting main brush
- Hydrostatic transmission forward and reverse
- Available in Battery, Petrol & Electric versions

Inside mechanism of Ecoline 710

Optimum sweeping results in small to medium areas

### ECOLINE 900 B/P

- Direct throw sweeping system: longer brush life, longer filter life, longer run time, less dust created
- Lifting/lowering side brush lever on the control panel
- Tough-robust and durable all steel plate body
- Mechanical transmission on rear wheels
- All control are in a unique, easy to use, panel
- Cellulose dust panel filter and filter shaker
- Available in Battery, Petrol & Electric versions

Controls and knobs on Ecoline 900

Efficient sweeping performance in medium to semi-large areas

V:

### ECOLINE 1100 B / P

- Direct throw sweeping system: longer brush life, longer filter life, longer run time; less dust created
- Mechanical transmission on rear wheels with electronic control differential gear
- Tough - robust and durable all steel plate body
- Cellulose dust panel filter with electric filter shaker
- Horizontal filter for optimum dust control
- Waste hopper with facilitated extraction/insertion

V:

### ECOLINE 1200 B / P

- Direct throw sweeping system: longer brush/ filter life and more run time; less dust created
- Waste hopper with facilitated extraction/insertion
- Mechanical transmission on rear wheels with electronic control differential gear
- All control are in a unique, easy to use, panel
- Horizontal filter for optimum dust control
- Cellulose dust panel filter with electric filter shaker

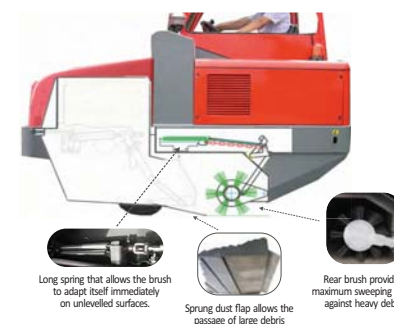

V:

### ECOLINE 1300/ 1350 DIESEL

- Industrial sweeping theoretical performance up to 13000 sqm/hr
- Direct throw sweeping system
- Free floating self adjusting main brush
- Dust control by indirect vacuum fan on filter
- Reliable hydrostatic forward & reverse drive
- 17.7Hp Lombardini diesel engine, climbing ability 18%

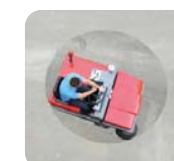

### SELF LEVELLING SYSTEM (SLS) Automatic brush Pressure Control

### ROT PROOF POLYSTER DUST FILTER

### ERGONOMICS AND USER FRIENDLY

Extremely maneuverable

Designed for maximum comfort with arm rests

Special "V" shape design of the main brush

### ROBUST CONSTRUCTION

Side brush fully protected against the impact

Hydraulic service brake system

- Working width 1550mm, max speed 10 km/hr
- 27.2Hp Lombardini diesel engine, climbing ability 18%

Top view; Ergonomic, highly productive and easy to use

Vacuum fan; Internal mechanism is robust and durable

V:

### ECOLINE 2200 4W DIESEL

- Industrial sweeping performance upto 30800 sqm/hr
- Hopper capacity 500 lit, hydraulic dump height 155cm
- Micro-dust control through vacuum and large filter surface area of 14 sq.m
- Free floating self adjusting brushes
- Reliable hydrostatic forward & reverse drive
- 4 wheel chassis for higher stability even on rough roads
- Working width 2200mm, max speed 14 km/hr
- 36Hp Kubota 4 cyl. diesel engine, climbing ability 18%

**new**  
4 Wheel Chassis

Back view; Heavy duty chassis in fully coated steel

Hopper can be raised at heights up to 1.5 metres

V:

### ECOLINE 2400 DIESEL

- Industrial sweeping performance upto 33600 sq.m/hr
- Hopper capacity 600 lit, hyd. dump height 155cm
- Micro-dust control through vacuum and large filter surface area of 14 sq.m
- Free floating self adjusting brushes
- Reliable hydrostatic forward & reverse drive
- Working width 2400mm, max speed 14 km/hr
- 36Hp Kubota diesel engine, climbing ability 18%

**new**  
3 Wheel Chassis

Rear brush provides maximum sweeping power against heavy debris

14 m² filtering surface with correct dust and air passage space between each element.

Easy access to engine compartment

## TECHNICAL SPECIFICATIONS

	ECOLINE 1550 D	ECOLINE 2200 4W D	ECOLINE 2400 D
Power Source	Diesel	Diesel	Diesel
Supply	Diesel engine "Lombardini Focs LDW 1003" 3 cyl. 27.2 Hp, water cooled	Diesel engine "Kubota V 1505" 4 cyl. 26.5 Kw(36 hp)	Diesel engine "Kubota V 1505" 4 cyl. 26.5 Kw(36 hp) water cooled
Working width with 2 side Brush (mm)	1550	1800; 2200(w/ 3rd brush)	2000; 2400 (w/ 3rd brush)
Working width with 1 side Brush (mm)	1300	1500	1680
Working width main Brush (mm)	1000	1200	1350
Theoretical Productivity(msq/hr)	15500	28500	33500
