

A person in a full-body hazmat suit, including a hood and a gas mask, is shown from the side, pulling a large, dark, translucent curtain. The curtain is being pulled from a dark, desolate, and dusty landscape on the left towards a bright, clean, and green landscape on the right. The background on the right shows a clear blue sky with a few white clouds and a vibrant green field. The overall image conveys a message of transformation, cleaning, and hygiene.

Dear valued associate,

Welcome to the world of Cleaning & Hygiene!

Let us take you through an escorted tour of the Nutech Group and apprise you of the activities, products and services offered by us.

Who We Are

Cleaning & Hygiene touches every body. It is a requirement of every household, office, shop floor, industry, mall, institution, shipyard, power plant, oil rig – you name it. **Nutech**, a multi – dimensional group has been providing cleaning solutions **since 1984**, leading to a **Cleaner, Greener and Healthy India**.

We have been engineering cleaning & hygiene management with the cutting edge of automation and equipment and on-site cleaning services. Through strategic tie-ups with global leaders, Nutech has been applying technology and innovation to help clients gain a competitive edge. Way back in 1995, Nutech launched the first nationwide awareness towards mechanized housekeeping practices and since then have helped the market to maintain their properties in best possible manner.

Our Approach

The **5** Simple Steps to ensure that your business *saves money & time*. We follow these steps for our products as well as services.

- ☐ Planning and Organizing
- ☐ Conducting a Site Assessment and process mapping
- ☐ Developing an Action Plan
- ☐ Implementing the Action Plan with utmost efficiency
- ☐ Monitoring and Continuous Improvement

Our Belief

Nutech aims to establish its excellence in diversified cleaning sectors. The contemporary cleaning industry finds itself struggling to sustain the core principles that are valuable to its customers and the end consumers.

The first step lies in understanding that cleaning is an evolved health product. Many companies have realized cleaning is good for their business model. A facility with a clean image and high standards of hygiene attracts and retains tenants & enhances customer experience.

To be precise, clean buildings help in generating higher revenue for corporate India. We understand this situation & serve our customers in the best possible manner.

Nutech holds **60%** market share in India in this segment.

Mechanized Cleaning at Railways

Having strong goodwill in the cleaning & hygiene business since 1984, our entry in the Indian Railways was well anticipated. Our operations include mechanized cleaning and maintenance of coaches, depot premises, & train yards.

Apart from these, we also cater to systemized garbage disposal using our trained manpower and specialized disposal systems.

We have the know-how and the capacity along with a proven track record at stations like New Delhi, Bhubaneswar, & Surat.

DustBusters offers guaranteed floor, carpet and building maintenance services through a combination of high technology and a dedicated team having a combined experience of a billion square feet of job and a combined management experience of over 60 years.

We help our customers with specialized treatments on various surfaces during construction stage and also offer cost effective professional maintenance solutions when the property is operational.
