## About Us

Raema Star Solar Private Limited is a key manufacturer and supplier of 520 KW Raema Solar Lithium Ion Solar Off Grid Plants, Single Phase Off Grid Rooftop Solar Power Plants, Cleaning Equipment, Solar Panel Cleaning Brushes, etc. In addition to this, we are also a reliable service provider of trusted cleaning services and solar module cleaning services. The company was founded in 2017 by Mr. Manish Vyas with four employees with the aim of providing clean, green, and sustainable energy. He is an electrical engineer and strives to offer the best quality and affordable energy to the market. With a vision of contributing the most to society, he has been offering green energy to everyone. He works with honesty, quality, and dedication to provide unmatched results and products.

We have been completing regular projects in Delhi, NCR, and all across India with the help of more than 20 trained technical employees at our Ghaziabad office. Moreover, we have more than 100 associates all across India. Our company has successfully completed 1 MW of total installations to attain success in the coming years and be the top brand in the solar industry.
