## About Us

Satara, Maharashtra based Kadam Infra is a prominent business entity, which works with dedication to fulfill market requirements related to Milk Silo, Ghee Boiler, Plate Heat Exchanger, Bulk Milk Cooler, Ice Cream Plant and many other products. The products we develop are used by numerous dairy products dealers, hotels and food & beverage companies across the world. Our silos and tanks have a huge space, they are leak-proof, anti-corrosive in surface and splendid in finishing. Further, our marketing tasks, clarity in deals and quality oriented approaches are making us walk in the business markets with high pride.
