About Us

Water purifying cartridges are basically filters designated to inhibit and remove dirt impurities or material from the fluid. Kalbag Filters Pvt. Ltd., is continuously developing new processes and products to meet the filtration challenges of the market. Pioneering innovative designs and manufacturing techniques, we have established an enviable reputation of leading Water Purifying Cartridge Manufacturer and Supplier. With specialized knowledge and expertise in filtration systems, we offer Filter Cartridge, Filter Units, Resin Bonded Cellulose Cartridge, RBCM Filters and Resin Bonded Cellulose Filters.

A decade of sustained untiring efforts and contribution of Late Mr. Shantaram Kalbag has led to the invention of RBC technology to remove bacteria from water. Working on the principle of physical separation, this technology was considered as a major discovery in the filtration world.

Key Facts

No of Staff	18
Year of Establishment	1999
OEM Service Provided	No
Memberships	TUV Austria Cert

Our Products

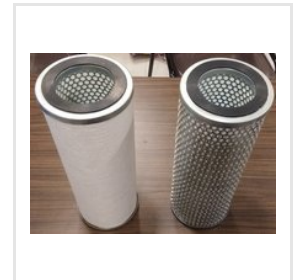

Cartridge Filter Systems

Grooved Cartridges

Single Cartridge Housing

Hydraulic Oil Filter

Resin Bonded Filter Cartridges

RO Filter Cartridge

Domestic Purpose Micron Filters

Multiple Filter Units

Single Filter Units

Transparent Single Filter Bottom Unit

Meltblown Filter Cartridges For Water

Filter Bags

Bag Filter Systems

Super Swan Micro Filter

Transparent Filter Housing

Grooved Filter Cartridge
