About Us

Our prestigious company, Vijay Engineers, is a family-owned business and one of the most acclaimed manufacturers, suppliers, and exporters of industrial products. Established in 1980, we work with a mission to serve our clients with excellence in terms of quality, design accuracy, and the durability of our product range. Our product range includes BRC Scaffolding Couplers, Scaffolding Joint Pin, Heavy Duty Tie Rod, Three Wing Anchor Nut, Scaffolding Fixed Coupler, MS Rivets, and many other products. Our products are offered in a variety of sizes, dimensions, and other technical specifications. Our scaffolding items, couplers, rivets, and other products provide a reliable support structure for different construction and maintenance projects. We manufacture the product range as per international safety and regulatory standards like DIN, ANSI, and BSS. Due to this, our range exceeds our customers' expectations.

We manufacture and supply OEM products for many companies across the world. We export our product range to more than 10 countries, which include the USA, South America, and Southeast Asia. We are also supplying the aforementioned products to various leading brands and stores. We have a team of skilled professionals who efficiently manage all business operations by using their expertise and available resources. Their support has been invaluable in achieving huge success in the industry. With their hard work, we are capitalizing on new market opportunities and expanding our business to new horizons.
