About Us

Cleanko India Private Limited was founded with the aim of meeting various industrial requirements at affordable rates. Since inception, setting reasonable prices has been important for us, and we ensure to do that for the entire product range offered. We are a manufacturer and trader of Booster Vacuum Cleaner, Single Disk Scrubbing Machine, Slalom E Sweeper, Air Blower, Control Panel, Solar Panel System, Steam Cleaner, and many other industrial products. These are not just reasonably priced but also dependable due to being built with perfection from supreme-grade components, spares, and materials. We offer all the products to customers in different models, sizes, and specifications to fulfill the diverse requirements of our valuable customers. Our machines, blowers, and cleaners are extensively praised for their superb performance, low maintenance, and robust build. Furthermore, we strive to retain the trust of every customer by providing them with the utmost comfort and ease with our trade practices.

We, Cleanko India Private Limited, efficiently cater to the market demands for KB High Pressure Jets, Air Blower, Control Panel Units, Beetle Vacuum Cleaner, Steam Cleaner, and many other products. In order to make these products available, we are sincerely manufacturing and procuring the range. All the products we offer are as per industry-defined quality norms and guidelines, so you are assured of supreme quality. We are based in a prime location in Noida, Uttar Pradesh, India, which is well connected to major highways and shipment routes. Due to being based in such a location, we can easily procure and supply goods to customers across the market. We ensure that the products are supplied in quality packaging that protects them from damages.
